Dear Families, We need your help. In order for our health staff to recognize infectious outbreaks in schools, we ask you to be specific when calling in students as absent to school. Instead of “sick” please give us specific symptoms or diagnosis, for example: diarrhea, vomiting, fever, sore throat, cold symptoms, strep throat, flu... and any diagnosed illness in your absence messages. This is not a requirement, just a request that will help nurses monitor the numbers of condition outbreaks at schools.

We want to keep all of our students safe and healthy. We appreciate your help with this! Thank you for your help! The Department of Health Services
