February 17, 2021

Hello Wildcats,

You should know by now that we are starting a new schedule on February 22. The schedule is going to be kind of crazy but it's going to allow both you and the teachers to see each other more often during the week and you will get a couple of 7th period in person classes too. Lori Bodeau has printed lots of general schedules that will be posted around the school and she has also printed a list of your own classes and what period they are in to help you find the correct place each day. I know you have gone through a lot of changes this year and had other confusing schedules. You have done an amazing job being flexible and willing to help out to make the school run smoothly so we can spend our time learning. I don't think there is a better student body in this state than our Wildcats.

Some of you have been struggling academically this year and we have set up a program to help kids that are having a hard time keeping their grades above passing. Starting on February 22, we are going to run a report on Mondays that will tell us who currently has a grade that is a C- or lower. Everyone with a C- or lower in a class will stay at school on both Tuesday and Thursday that week for extra time with teachers or study hall. People will have time for lunch until 12:30 and then the intervention/study time will run until 1:45. Victoria Dreher will be coordinating where each person should go (specific teacher or study hall) and she will be contacting parents on Mondays to let them know about the extended days for that week. Don't worry if you need to stay and you ride a bus, we will provide you a ride home on Tuesday and Thursday after the intervention time.

Go Cats!
