

## Landforms in the Sand: The Geology of Lake Roosevelt 3<sup>rd</sup>-High School

Discover the powerful effects of water and the amazing geologic forces that shaped the landscape in the Lake Roosevelt area. Explore the Ice Age Floods or how water shapes the land in a model your students create in the sand on the beach.

### Group Size:

Minimum 10, Maximum 60

### Program Length:

1 hour

Program Availability: September, October, Late April, May and early June. Must have warmer weather

### Program Locations are the Swim Beaches at:

Spring Canyon, Keller Ferry, Porcupine Bay, Hunters Campground, Kettle Falls.

*Ranger-Conducted*
