Introduction

It is the belief of the Amherst County Public School Board that all students have the right to an environment that is safe, drug-free, and conducive to learning. To that end, our school system not only has the duty of providing an education for all students, but also has the responsibility of establishing standards of student conduct that help create an atmosphere supportive of learning. Students and their parents/guardians can expect school personnel to reinforce positive behaviors.

The primary objectives of the standards of student conduct are (1) to provide standards and guidelines for student behavior; (2) to assist the student in becoming a responsible, productive, and self-disciplined citizen; and (3) to maintain a safe and orderly environment in the classroom and all other areas of school activities.

As parents/guardians of students in Amherst County, you are asked to review this booklet containing the Code of Student Conduct with your children and give your support to Amherst County Public Schools in our efforts to promote high quality instruction and an atmosphere conducive to learning. The behavioral expectations outlined in this booklet are the official standard for our school division. **Students and parents should also review the parent/student handbook provided by each school.**

School Board members, school personnel, parents, and students share the responsibility to create and maintain a school environment that is safe and conducive to learning. It is the responsibility of the School Board to adopt policies and regulations. The superintendent has a responsibility to issue standards of student conduct including a list of corrective disciplinary actions for violation of the standards. The school principal has a responsibility to enforce the student conduct standards using reasonable judgment. Each parent has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance. Students are expected to attend school regularly and to demonstrate good citizenship, enjoying the rights and fulfilling responsibilities set forth in the student conduct standards.

5 CLASSROOM TEACHER

DISCIPLINE RESPONSIBILITIES

Each teacher in Amherst County Public Schools has the following responsibilities with respect to discipline:

1. To provide every student with the right to obtain an education in an orderly classroom.
2. To make students aware of rules and regulations and why such rules and regulations are necessary.
3. To maintain a high degree of fairness and consistency in carrying out disciplinary procedures.
4. To have a positive approach in all disciplinary action.
5. To explain to students who violate rules why their behavior is unacceptable.
6. To use multiple forms of intervention and prevention prior to referring the student to the office.
7. To inform parents of serious discipline problems or repeated violations of rules.
8. If a student needs to be referred to the office, the teacher will thoroughly complete the discipline referral, including: the reason for the referral, a detailed description of the incident, and any actions the teacher has taken prior to the referral being issued. The teacher will promptly send the referral to the principal/assistant principal.

Each classroom teacher is expected to handle his/her own discipline problems. If a student reaches the final consequence or commits a serious offense, the student will be referred to the principal.

DISCIPLINE PROCESS

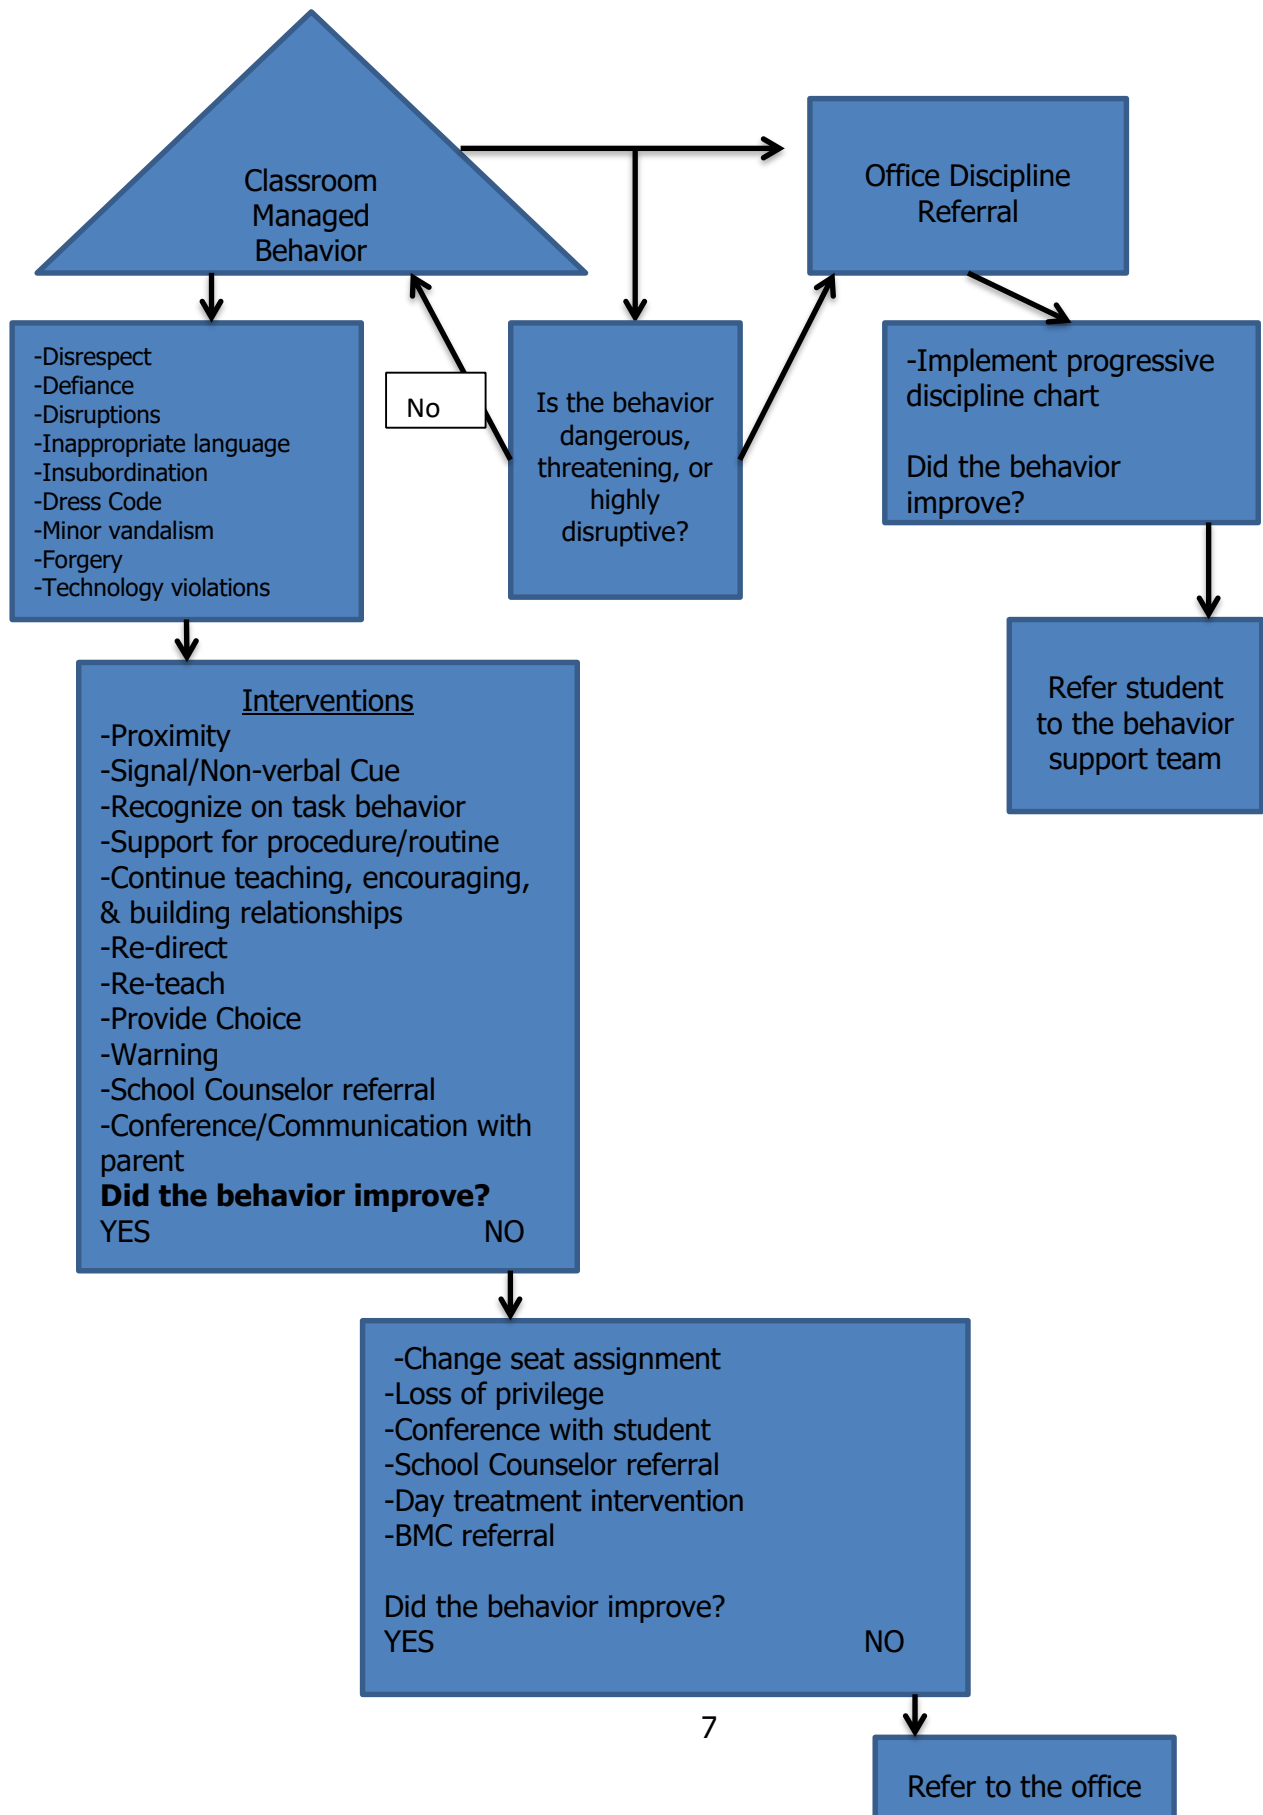

When a student is referred to the principal/assistant principal, the following discipline procedures will be followed:

- 1) The parent will be notified in writing or by phone that the student has received a referral.
- 2) The principal and/or assistant principal will conference with the student and give him/her a chance to tell his/her version of the incident.
- 3) The principal and/or assistant principal will investigate the accusations against the student and will interview witnesses, watch applicable school security videos, talk with the teacher, bus driver, etc. and collect all possible facts relating to the incident prior to making a decision regarding discipline.
- 4) If the student has repeatedly violated rules, injured another student, or committed a serious infraction of the rules, one or more of the following may occur:
 - a. The parent will be required to pick the student up at school.
 - b. The student will be separated from other students for the remainder of the day.
 - c. The student may not return to school until the parent meets with the principal/assistant principal.
 - d. The student will receive a consequence appropriate for the incident based on the progressive discipline chart, to include being suspended from school.
- 5) The principal/assistant principal will complete the referral form and will include in writing on the referral what action was taken, what days the student will need to comply with discipline

consequences, whether the school resource officer was notified, and if the student was notified of their right to appeal. A copy of the completed discipline referral will be sent home with the student to be provided to the parents.

- 6) The principal/assistant principal will notify the parent by sending a copy of the referral home and by phone, the same day the discipline decision is made, of the results of the investigation and the action that was taken in response to the incident.
- 7) Serious infractions, listed on the following pages, may require that the student be referred to the Amherst County Public Schools' School Board Discipline Committee to determine disciplinary consequences. In such instances, a Student Accountability Coordinator will contact the parent and/or guardian of the student to inform them of the date, time, and process by which the student will meet with the School Board Discipline Committee, and will inform the parents of the outcome of such meeting. If the student is long term suspended, expelled, or placed in an alternative placement as a result of the meeting, a Student Accountability Coordinator will work with the parents and student to transition the student back into the regular school setting. The Student Accountability Coordinators can be reached at the Student Services Office at (434) 946-9342.

The following chart is the guidelines expected for behavior management practices:

Levels of Progressive Consequences Information

Behavior that detracts from one student's ability to benefit from instruction or that infringes on the rights of others warrants the assigning of a disciplinary consequence to the student exhibiting the inappropriate behavior. The intent of the disciplinary consequence is to bring about a positive change in the student's behavior. Just as academic instruction is individualized, disciplinary consequences are to function with guidelines that are broad enough to allow for student differences, extenuating circumstances, and educational resources. Upon receiving a disciplinary referral, the student will be made aware of the accusations against him/her, will have the opportunity to present his/her side of the story, and will be notified of his/her right to appeal the disciplinary consequence.

School administrators are to exercise informed judgment as to whether a student's action is in violation of the Code of Student Conduct in school buildings, on school grounds and parking lots, in school vehicles, at school-related activities (e.g., field trips, sporting events, competitions, dances, etc.), or going to and returning from school. Five levels of consequences for violations of the Code of Student Conduct have been developed to guide school administrators to help change student behaviors and develop traits of good citizenship.

While school administrators are provided with a guide for the assigning of progressive consequences, there are circumstances that require school administrators to assign a consequence at a level out of the progression order or to assign a consequence that is not listed on the following page.

Below are several examples:

- School administrators have the option of using a consequence from a lower level, unless a level 4 or 5 consequence is required.
- School administrators have the option of using a consequence from a higher level if warranted by circumstances.
- School administrators may use more than one consequence, for example a student may be suspended and be on social probation for the same incident.
- Each school principal is to suspend from school ten days and refer to the office of superintendent/designee with a recommendation for long term suspension or expulsion any student who, while on a school bus, on school property, or at a school sponsored activity:
 - 1) is in possession of a firearm or weapon;
 - 2) threatens to do bodily injury to a staff member;
 - 3) assaults and batters a staff member;
 - 4) possesses, distributes, or is under the influence drugs or alcohol;
 - 5) possesses a firebomb, a chemical bomb, explosive materials or devices, hoax explosive devices, initiates a bomb threat, commits arson;
 - 6) commits a sexual offense;
 - 7) endangers the safety of the school community and/or any of its members.

- Students will receive out-of school suspension for the first and subsequent occurrences of the following offenses:
 - 1) Sexual Harassment and/or offensive sexual touching;
 - 2) Assault and Battery
 - 3) Fighting
 - 4) Making threats of harm or bodily injury

- The School Resource Officer (SRO) Program places law enforcement officers from Amherst County in schools in an effort to create and maintain a safe learning environment for the students. School Resource Officers may be involved with student discipline issues and may take law enforcement action in consultation with the school administrator. In addition, certain acts of crime that occur on school property or at school sponsored events must be reported to local law enforcement authorities by the principal/designee (§ [22.1-279.3:1](#)).

- According to § [22.1-279.3:1](#) of the Code of Virginia, certain criminal acts that occur in the community must be reported to the principal/designee and superintendent/designee, and the student may be assigned to an alternative education program (§ [22.1-277.2:1](#)).

Amherst County Public Schools recognize the right of each student with a disability to a free appropriate public education and to procedural protection set forth under the Individuals with Disabilities Education Act and relevant state and federal regulations. Students are expected to follow the rules as outlined in the Code of Student Conduct. "School personnel may consider any unique circumstances on a case-by-case basis when deciding whether or not to order a change in placement for a child with a disability that violates a code of student conduct." (VAC 20-80-160.A.3)

In addition, some infractions may warrant a lower or higher lever consequence based on severity. The level of severity is referred to as "major" or "minor". Major offenses would result in a higher level consequence. The chart below provides examples of the difference between a "major" and "minor" offense.

	Minor	Major
<u>Defiance</u> – Refusal, failure to follow directions	<ul style="list-style-type: none"> • Repeated refusal to follow directions, may be nonverbal • Failure to cooperate • Brief • Low intensity • Does not impact others' learning environment 	<ul style="list-style-type: none"> • Involves an administrator to be resolved • Impacts others learning/safety • Safety concern (bus, shop) • Highly disruptive • Threatening
<u>Disrespect</u> – Socially rude or dismissive behavior	<ul style="list-style-type: none"> • Low intensity • Brief • Does not impact/disrupt the learning environment 	<ul style="list-style-type: none"> • Repeated • Directed at an adult • High intensity • Highly disruptive • Threatening
<u>Disruption</u> – Behavior that causes an interruption in the school environment	<ul style="list-style-type: none"> • Low intensity • Brief • Consider the number of people affected 	<ul style="list-style-type: none"> • Disrupts the school environment (Cafeteria, hallways, etc.) • Sustained • Involves an administrator to be resolved • Consider the number of people affected

Definitions of Potential Consequences

- **Alternative Education:** A student may be assigned to a program of alternative education in cases of serious or chronic misconduct that significantly disrupts the learning environment. A student who has been charged with or who has been found guilty or not innocent of certain crimes regardless of where the incident occurred may be required to attend an alternative education program. The alternative education program is designed to offer instruction to students for whom the regular program of instruction may be inappropriate.
- **Alternative Suspension Center:** Instead of suspending students out of school, a school administrator may assign students to the alternative suspension center. The alternative suspension center is located at the Amherst Education Center. Students attend the program for the number of days that the student is assigned by the school administrator. While at the alternative suspension center, the student will complete assignments for grading, that is given to them by their regular classroom teachers. Students may ride the bus to and from school as normal while assigned to the alternative suspension center. Students will also participate in counseling services while assigned to the program. These services are provided by qualified mental health professionals that are employed by a private mental health agency.
- **Behavior Management Center:** A teacher may, at his/her discretion, send a student to the Behavior Management Center (BMC) instead of sending the student to the office for a behavior referral. A student can be

sent to BMC for the following reasons: being rude or discourteous, failing to bring the appropriate materials to class, talking excessively, being defiant or insubordinate, disrupting class, putting his/her head down on the desk, sleeping in class, being disrespectful to a classmate, refusal to do classwork, or bringing food or drink in the classroom. The fifth time a student is sent to BMC during a semester – trips to BMC are not counted by class but are cumulative – he/she will be sent to the office and will receive an appropriate consequence. For each subsequent trip to BMC, the student will be sent to the office for appropriate disciplinary action. Students who are sent to BMC must report directly to BMC and not go to the office, bathroom, etc.

- **Conference with Parent/Guardian:** Parents may be required to come to the school to meet with a teacher, counselor, or administrator to discuss their child's progress or problems.
- **Confiscation:** Any item prohibited by this Code will be surrendered from the student's possession.
- **Consequences of Suspension/Expulsion:** A suspended/expelled student shall be excluded from entry upon any and all Board property, including each of the division schools and buses, for the duration of the suspension/expulsion period. A suspended/expelled student shall not participate in or attend any school activity of any kind including, but not limited to, academic, athletic, and extracurricular activities such as band, debate, drama, field trip, graduation ceremony, dance including junior and senior prom, and athletic practice, games, contests, and/or events. Nor may a student attend non-school related activities and events on Board property during the period of suspension/expulsion except with the written consent of the superintendent/designee. The period that a student is suspended out of school shall not terminate prior to readmission of the student to school on the day established by the principal or other school official, for return to school.
- **Consequences to Criminal Acts Not Related to School Activities:** Students may be disciplined by the principal, superintendent, School Board or designee for acts committed away from school property and outside of school hours that are detrimental to the interest of the school and adversely affect school discipline.
- **Court Referral:** In case of a drug offense, assault, weapon possession, or other violation of the Code of Virginia, the student may be referred to law enforcement officials to determine if court action is necessary.
- **Detention:** This is a method of discipline that may be employed by an administrator or teacher according to school policies to keep a student before or after school hours or in supervised isolation during non-instructional time in hope of correcting inappropriate behavior. Parents must be notified in advance if the student is to serve a before or after school detention.

- **In-School Suspension (ISS):** In cases of misconduct that may require alternatives to out-of-school suspension, students may be assigned to an isolated, controlled environment within the school under the supervision of qualified personnel. Assignment of a student to this program may be made only after an administrator or his/her designee has determined the placement to be appropriate. Determination of the assignment of the number of days will be consistent and tailored to the needs of the individual.
- **Law Enforcement Agency Involvement:** In cases of serious violations of the **Code of Virginia**, the Amherst County Sheriff's Department or Town of Amherst Police Department, Child Protective Services, the Resource Officers and Juvenile Probation Departments may be included in the disposition. School administrators are required to report to the local law-enforcement agency all incidents occurring on school property involving (1) the assault and battery against school personnel, the maiming, death, shooting or stabbing of any person or the intentional cutting or wounding of a person by another, (2) a controlled substance, or (3) the illegal carrying of a firearm or weapon onto school property. The School Resource Officer (SRO) Program places law enforcement officers from Amherst County in schools in an effort to create and maintain a safe learning environment for the students. School Resource Officers may be involved with student discipline issues and may take law enforcement action after consulting with the principal.
- **Long-term Suspension:** Long-term suspension is the disciplinary action whereby a student is not permitted to attend school for more than ten (10) school days but less than 365 calendar days.

The SAC committee is comprised of the ACPS Superintendent or Designee, School Board Member (assigned on a rotating basis), Student Accountability Coordinator and/or School Social Worker, School Administrator, Parent, and Student. Where appropriate, intervention strategies or referrals for services may be made. Consequences for subsequent disciplinary actions by the school administrator will be as follows:
 - First Offense – 3 days suspension
 - Second Offense – 5 days suspension
 - Third Offense – 7 days suspension with a referral to the School Board for a long-term suspension consideration

Students with Disabilities

- A. Students with disabilities are subject to the provisions of Section I of this policy and may be disciplined to the same extent as a nondisabled student provided the manifestation review committee determines that the violation was not a manifestation of the student's disability. The provisions of Policy JGDA Disciplining Students with Disabilities will be followed in addition to the regular disciplinary procedures.

- B. Additional authority to remove a student with a disability from school for a weapons violation.
 - 1. In addition to the authority granted in subsection A above, a student with a disability may also be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student carries or possesses a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. The removal should not be in excess of any removal imposed on a student without a disability for the same offense.

 - 2. For purposes of this forty-five (45) school day removal, the weapon must meet the following definition:

"a weapon, device, instrument, material or substance, animate or inanimate, that is used for, or is readily capable of, causing death or serious bodily injury, except that such term does not include a pocket knife with a blade of less than 2 ½ inches in length."

Policy JFCF

I. Generally

Possession of a controlled substance, imitation controlled substance or marijuana, as defined in Va. Code § 18.2-247, on school property or at a school-sponsored activity is prohibited.

A. Expulsion

A student who is determined to have brought a controlled substance, imitation controlled substance or marijuana onto school property or to a school-sponsored activity may be expelled in accordance with Policy JGD/JGE Student Suspension/Expulsion. The School Board may determine, based on the facts of the particular case that special circumstances exist and another form of discipline is appropriate. In addition, the School Board may, by regulation, authorize the superintendent or superintendent's designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is appropriate.⁶

B. Prevention and Intervention

Any student who violates this policy shall participate in the prevention and intervention activities identified in Amherst County school division's drug and violence prevention plan.

The School Board may require any student who is in possession of or under the influence of drugs at school or school-sponsored activities to: (1) undergo evaluation for drug abuse and (2) participate in a drug treatment program if recommended by the evaluator and if the student's parent consents.

C. Required Reporting to Parents and Local Law Enforcement

The Principal shall report a violation of this policy to parents and local law enforcement as required by Policy CLA Reporting Acts of Violence and Substance Abuse.

II. Students with Disabilities

A. Students with disabilities are subject to the provisions of Section I of this policy and may be disciplined to the same extent as a nondisabled student provided the manifestation review committee determines that the violation was not a manifestation of the student's disability. The provisions of Policy JGDA Disciplining Students with Disabilities will be followed in addition to the regular disciplinary procedures.

B. Additional authority to remove a student with a disability from school for a drug violation.

1. In addition to the authority granted in subsection A above, a student with a disability may be removed without parent consent and assigned to an interim alternative education program by school personnel for not more than forty-five (45) school days when the student knowingly possesses or uses illegal drugs, or sells or solicits the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency. This option is available regardless of whether a manifestation exists. The removal should not be in excess of any removal imposed on a student without a disability for the same offense.
2. For purposes of this forty-five (45) school day removal, "illegal drugs" and "controlled substance" are defined as follows:
 - Controlled substance means a drug or other substance identified under schedules I, II, III, IV, or V in § 202(c) of the Controlled Substances Act at 21 U.S.C. § 812(c). Illegal drug means a controlled substance, but does not include a controlled substance that is legally possessed or used under the supervision of a licensed health-

care professional or that is legally possessed or used under any other authority under the Controlled Substances Act or under any other provision of federal law

Student Rights

Right to Freedom from Unreasonable Search and Seizure of Property Policy JFG

SEARCH AND SEIZURE

A search involves an invasion of privacy. Whether a search of a student is permissible depends on a balancing of the student's right to privacy and freedom from unreasonable search and seizure against the school division's responsibility to protect the health, safety and welfare of all persons in the school community and to carry out its educational mission. To maintain order and discipline in the schools and to protect the health, safety and welfare of students and school personnel, school authorities may search a student, student belongings, student lockers or student automobiles under the circumstances outlined below and may seize any illegal, unauthorized or contraband materials discovered in the search.

As used in this policy, the term "unauthorized" means any item dangerous to the health or safety of students or school personnel, or disruptive of any lawful function, mission or process of the school or any item described as unauthorized in school rules available beforehand to the student.

The locations at which searches of students and student property may be conducted are not limited to the school building or school property. Searches may be conducted wherever the student is involved in a school-sponsored function.

PERSONAL SEARCHES

A student's person and/or personal effects (e.g. purse, book bag, etc.) may be searched by a school official whenever the official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation.

All individual searches of students must be based on reasonable suspicion. In order to be permissible, the search must be:

1. justified at its inception and
2. reasonably related in scope to the circumstances justifying the search.

An individual search is justified at its inception when a school official has reasonable grounds, based on the totality of the known circumstances, for suspecting that the search will reveal evidence that the student has violated or is violating either the law or the rules of the school. A search is reasonable in scope when it is reasonably related to the objectives of the search and is not excessively intrusive in light of the age and sex of the student and the nature of the suspected infraction.

A personal search may include requiring a student to be scanned with a metal detector.

A pat down search of a student may only be conducted if a school administrator has established a high level of reasonable suspicion that evidence will be found to corroborate suspicion that a law or school rule has been broken. If a pat down search of a student's person is conducted, it will be conducted in private by a school official of the same sex and with an adult witness of the same sex present.

Strip searches involve an extreme intrusion into the rights of a student and may only be conducted when an extremely serious situation exists requiring immediate action because of an imminent threat of death or great bodily injury to a person or persons⁷. If a strip search is necessary the school official should contact the appropriate law enforcement official, and the search should be conducted by a sworn law enforcement officer of the same sex, in the presence of a same sex adult witness. School officials may only conduct a strip search in cases where it is necessary to avoid the imminent threat of death or great bodily injury to the student or another person. If a strip search must be conducted by a school official, it must be by a same sex official with a same sex adult witness, and the school official must have the prior approval of the superintendent or superintendent's designee, unless the health or safety of the student is endangered by the delay.

LOCKER AND DESK SEARCHES

Student lockers and desks are school property and remain at all times under the control of the school; however, students are expected to assume full responsibility for the security of their lockers and are responsible for the content of their assigned locker at all times. Periodic general inspections of lockers and desks may be conducted by school authorities for any reason at any time without notice, without student consent and without a search warrant.

AUTOMOBILE SEARCHES

Students are permitted to park on school premises as a matter of privilege, not of right. The school retains authority to conduct routine patrols of student parking lots and inspections of the exteriors of student automobiles on school property. The interiors of student vehicles may be inspected whenever a school official has reasonable suspicion to believe that the student has violated or is about to violate the law or a school rule and that the search will yield evidence of the violation, or that illegal or unauthorized materials or other evidence of illegal or otherwise prohibited activities are contained inside the automobile. Such patrols and inspections may be conducted without notice, without student consent and without a search warrant.

COMPUTER SEARCHES

School computers, software and internet access are school property. Students are only authorized to use school computers and other similar educational technology consistent with the educational mission of the school and in accordance with Policy IIBEA Acceptable Computer System Use. School officials may search school computers, software and internet access records at any time for any reason and without student consent.

CONSENT SEARCHES

If a student gives a school official consent for a search the school official does not need to demonstrate reasonable suspicion. A student's consent is only valid if given willingly and with knowledge of the meaning of consent. Students should be told of their right to refuse to be searched, and students must not perceive himself at risk of punishment for refusing to grant permission for the search.

SEIZURE OF ILLEGAL MATERIALS

If a properly conducted search yields illegal or contraband materials, such findings shall be turned over to proper legal authorities for ultimate disposition.

Right to Freedom from Corporal Punishment Policy JGA

CORPORAL PUNISHMENT

No teacher, principal or other person employed by the School Board shall subject a student to corporal punishment. This prohibition does not prohibit the use of incidental, minor or reasonable physical contact or other actions designed to maintain order and control or the use of reasonable and necessary force

- to quell a disturbance or remove a student from the scene of a disturbance which threatens physical injury to persons or damage to property;
- to prevent a student from inflicting physical harm on himself;
- for self-defense or the defense of others; or
- to obtain possession of weapons or other dangerous objects or controlled substances or paraphernalia which are upon the person of the student or within his control.

For the purposes of this policy, "corporal punishment" means the infliction of, or causing the infliction of, physical pain on a student as a means of discipline. "Corporal punishment" does not include physical pain, injury, or discomfort caused by

participation in practice or competition in an interscholastic sport, or participation in physical education or an extracurricular activity.

Discipline of Students with Disabilities Policy JGDA

DISCIPLINING STUDENTS WITH DISABILITIES

Students with disabilities, who violate the student code of conduct, or engage in conduct for which they may be disciplined, will be disciplined in accordance with this policy. Additionally, the regular disciplinary procedures must be followed. School personnel may consider any unique circumstances on a case-by-case basis when determining whether to order a change in placement for a child with a disability as a result of discipline.

I. Long-Term Suspensions, Expulsions or Short-Term Suspensions Which Constitute a Pattern - Change in Placement

For the purpose of removing students with disabilities from their current educational placements, a change in placement occurs when:

- (1) the removal is for more than 10 consecutive school days at a time; or
- (2) there is a series of removals each of which is for 10 days or less and they cumulate to more than 10 days in a school year and constitute a pattern because of:
 - (a) the length of each removal,
 - (b) the proximity of the removals,
 - (c) the total time the student is removed, and
 - (d) the child's behavior is substantially similar to the child's behavior in previous incidents.

If the disciplinary action will result in a change of placement for a student with a disability then that student's parents must be sent notice that same day of the recommendation for discipline and be provided with a copy of the procedural safeguards. The procedures outlined in Section IV must also be followed.

II. Short-Term Suspension

A short-term suspension is a suspension of 10 consecutive days or less at a time.

School authorities may remove a student with a disability from his or her current educational setting for up to 10 school days cumulative in a school year to the extent that such removal would be applied to students without disabilities and for additional short-term suspensions provided no pattern exists.

III. Functional Behavior Assessments and Behavior Intervention Plans

If the school administration, the parent, and the relevant Individualized Education Program (IEP) team members determine that a manifestation exists, the IEP team must:

- conduct a Functional Behavioral Assessment (FBA) and implement a Behavioral Intervention Plan (BIP), if no FBA was conducted previously; or,
- if the student already has a FBA and BIP in place, review and modify the BIP, as necessary to address the behavior.

If a manifestation is found, the school division and the parent may agree to a change in placement when reviewing or modifying the BIP. Without this agreement, the student must return to the placement from which the student was removed.

IV. Educational Services While Disciplined

For the first 10 days of removal in a school year, the School Board is not required to provide educational services to the student with a disability if services are not provided to students without disabilities who have been similarly removed.

After the first 10 days of removal in a school year, the School Board shall provide educational services to the student during the period of removal. The services must enable the student to:

- 1) continue to progress in the general curriculum, although in another setting, and
- 2) progress toward meeting the goals set out in the student's IEP.

The determination of educational services is made by the IEP team for discipline which constitutes a change in placement. For discipline which is not a change in placement, the determination is made by school personnel in consultation with the student's special education teacher.

V. Manifestation Determination

When a disciplinary action is proposed that will result in a change of placement, a manifestation determination review shall be conducted within 10 school days after the date on which the decision to take disciplinary action is made. This review shall be conducted by the Manifestation Team which consists of a local educational agency representative, the parent and relevant members of the IEP team (as determined by the parent and the school division).

The Manifestation Team may determine that the behavior of the student was not a manifestation of such child's disability only if the Team:

- 1) considers all relevant information in the student's file, including the student's IEP, any teacher observations, and any relevant information supplied by the parents; and 2) determines that:
 - (a) the conduct in question was not caused by, or had a direct and substantial relationship to, the student's disability; and
 - (b) the conduct in question was not the direct result of the school division's failure to implement the IEP.
 - (c)

If a manifestation is found, the student cannot be disciplined beyond any permissible short term removal that may be available. A parent may request an expedited due process hearing if the parent disagrees with the determination that the behavior was not a manifestation of the student's disability or if the parent disagrees with any decision regarding the placement of the student while disciplined. The student will remain in the interim alternative education setting pending the decision of the hearing officer or the expiration of a forty-five school day removal.

VI. Disciplinary Action for Behavior that is Determined Not to be a Manifestation

If the behavior is not a manifestation of the student's disability, the disciplinary procedures will be applied in the same manner as applied to nondisabled students. Following a removal which constitutes a change in placement, the student must continue to receive the educational services necessary to enable the student to continue to participate in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. In addition, the special education and disciplinary records of the student must be made available to the person who makes the final decision regarding the discipline.

VII. Disciplinary Action and/or Alternative Placement for Behavior That Is Determined To Be a Manifestation

A student with a disability whose behavior is determined to be a manifestation of his or her disability may not be disciplined except to the extent a removal is otherwise permitted by law. The student may also be removed to a more restrictive placement by following change in placement procedures. The IEP team must conduct or review a FBA and/or BIP as provided in Section III.

VIII. Interim Alternative Educational Settings for Weapons and Drugs and Infliction of Serious Bodily Injury

Students with disabilities 1) who carry or possess a weapon to or at school, on school premises, or to or at a school function under the jurisdiction of a state or local educational agency; 2) who knowingly possess or use illegal drugs or sell or solicit the sale of a controlled substance, while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency; or 3) who inflict serious bodily injury upon another person while at school, on school premises, or at a school function under the jurisdiction of a state or local educational agency may be disciplined pursuant to Policies JFCD, JFCF or JGDB and may be placed in an interim alternative educational setting for up to forty-five school days.

This option is available without regard to whether a manifestation exists. If no manifestation is found, the student may be disciplined to the extent a student without disabilities would be disciplined.

Any interim alternative educational setting shall be selected, by the IEP team, so as to enable the student to continue to progress in the general curriculum, although in another setting, and to progress toward meeting the goals set out in the student's IEP. The student must also receive, as appropriate, a FBA, behavioral intervention services and modifications designed to address the behavior so it does not recur.

I. Change of Placement by Hearing Officer

In addition to the other options for removal, a hearing officer may order a change in the placement for a student with a disability to an appropriate interim alternative educational setting for not more than forty-five (45) school days if the hearing officer determines that maintaining the current placement of such student is substantially likely to result in injury to the student or others. Additional forty-five (45) school day removals may be authorized by the hearing officer as necessary.

II. Placement During Appeals

Students with disabilities are entitled to the due process rights available to a non-disabled student. In addition, students with disabilities are entitled to the due process procedures available under the Individuals with Disabilities Education Act, as amended and any state procedures. During the course of any appeals, the student's placement shall be in accordance with the provisions of federal law unless the parent and the school division agree otherwise.

IX. Students Not Identified as Disabled

Students for whom the parents assert there is a disability but who have not yet been identified as disabled may be subjected to the same measures applied to students without disabilities if the school division did not have knowledge of the disability before the behavior that precipitated the disciplinary action occurred. A school division will be found to have knowledge of the student's disability if before the behavior that precipitated the disciplinary action occurred:

- (1) the parent expressed concern in writing to supervisory or administrative personnel of the school division, or to a teacher of the student, that the student is in need of special education and related services; or
- (2) the parent requested an evaluation of the student for special education eligibility through formal evaluation procedures; or
- (3) the student's teacher or other school personnel had expressed specific concerns about a pattern of behavior demonstrated by the student directly to the director of special education or to other supervisory personnel of the school division.

A school division would not be found to have knowledge of a student's disability if:

- (1) the parents refused to allow an evaluation of the student or refused special education services; or
- (2) the student was evaluated and found not eligible for special education services.

If a request for an evaluation is made during the period such student is subject to disciplinary measures, the evaluation shall be conducted in an expedited manner. If the student is found eligible as a child with a

disability, taking into consideration information from the evaluation conducted by the school division and information provided by the parents, then the student must be provided special education and related services, although in another setting, in compliance with the procedures for suspended and expelled students with disabilities. Pending the results of the evaluation, the student shall remain in the educational placement determined by the school authorities.

I. **Disciplining Certain Section 504 Students Who Violate Alcohol and Drug Policies** Students who are identified as disabled solely under Section 504 of the Rehabilitation Act, and who are currently engaging in the illegal use of drugs or alcohol, may be disciplined for violating the division's alcohol and drug policies to the same extent as non-disabled students. The student is not entitled to a due process hearing under special education procedures in this circumstance but does retain the protections afforded to regular education students

Required Notices

Parental Responsibility

Excerpted from the Code of Virginia, as amended

§ 22.1-279.3. Parental responsibility and involvement requirements.

- A. Each parent of a student enrolled in a public school has a duty to assist the school in enforcing the standards of student conduct and compulsory school attendance in order that education may be conducted in an atmosphere free of disruption and threat to persons or property, and supportive of individual rights.
- B. A school board shall provide opportunities for parental and community involvement in every school in the school division.
- C. Within one calendar month of the opening of school, each school board shall, simultaneously with any other materials customarily distributed at that time, send to the parents of each enrolled student (i) a notice of the requirements of this section; (ii) a copy of the school board's standards of student conduct; and (iii) a copy of the compulsory school attendance law. These materials shall include a notice to the parents that by signing the statement of receipt, parents shall not be deemed to waive, but to expressly reserve, their rights protected by the constitutions or laws of the United States or the Commonwealth and that a parent shall have the right to express disagreement with a school's or school division's policies or decisions. Each parent of a student shall sign and return to the school in which the student is enrolled a statement acknowledging the receipt of the school board's standards of student conduct, the notice of the requirements of this section, and the compulsory school attendance law. Each school shall maintain records of such signed statements.
- D. The school principal may request the student's parent or parents, if both parents have legal and physical custody of such student, to meet with the principal or his designee to review the school board's standards of student conduct and the parent's or parents' responsibility to participate with the school in disciplining the student and maintaining order, to ensure the student's compliance with compulsory school attendance law, and to discuss improvement of the child's behavior, school attendance, and educational progress.
- E. In accordance with the due process procedures set forth in this article and the guidelines required by § 22.1-279.6, the school principal may notify the parents of any student who violates a school board policy or the compulsory school attendance requirements when such violation could result in the student's suspension or the filing of a court petition, whether or not the school administration has imposed such disciplinary action or filed a petition. The notice shall state (i) the date and particulars of the violation; (ii) the obligation of the parent to take actions to assist the school in improving the student's behavior and ensuring compulsory school attendance compliance; (iii) that, if the student is suspended, the parent may be required to accompany the student to meet with school officials; and (iv) that a petition with the Juvenile and Domestic Relations Court may be filed under certain circumstances to declare the student a child in need of supervision.
- F. No suspended student shall be admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or his designee determines that readmission, without parent conference, is appropriate for the student.
- G. Upon the failure of a parent to comply with the provisions of this section, the school board may, by petition to the Juvenile and Domestic Relations Court, proceed against such parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior or school attendance, as follows:
 1. If the court finds that the parent has willfully and unreasonably failed to meet, pursuant to a request of the principal as set forth in subsection D of this section, to review the school board's standards of student conduct and the parent's responsibility to assist the school in disciplining the student and maintaining order, and to discuss improvement of the child's behavior and educational progress, it may order the parent to so meet; or
 2. If the court finds that a parent has willfully and unreasonably failed to accompany a suspended student to meet with school officials pursuant to subsection F, or upon the student's receiving a second suspension or being expelled, it may order the student or his parent, or both, to participate in such programs or such treatment, including, but not limited to, extended day programs, summer school, other educational programs and counseling, as the court deems appropriate to improve the student's behavior or school attendance. The order may also require participation in a parenting, counseling or a mentoring

program, as appropriate or that the student or his parent, or both, shall be subject to such conditions and limitations as the court deems appropriate for the supervision, care, and rehabilitation of the student or his parent. In addition, the court may order the parent to pay a civil penalty not to exceed \$500.

- H. The civil penalties established pursuant to this section shall be enforceable in the Juvenile and Domestic Relations Court in which the student's school is located and shall be paid into a fund maintained by the appropriate local governing body to support programs or treatments designed to improve the behavior of students as described in subdivision G 2. Upon the failure to pay the civil penalties imposed by this section, the attorney for the appropriate county, city, or town shall enforce the collection of such civil penalties.
- I. All references in this section to the Juvenile and Domestic Relations Court shall be also deemed to mean any successor in interest of such court.

Reporting Requirements Excerpted from the Code of Virginia § 22.1-279.3:1

§ 22.1-279.3:1. Reports of certain acts to school authorities.

(ii) the assault and battery that results in bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, or stalking of any person as described in § 18.2-60.3, on a school bus, on school property, or at a school-sponsored activity;

(iii) any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance, or an anabolic steroid on a school bus, on school property, or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;

(iv) any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;

(v) the illegal carrying of a firearm, as defined in § 22.1-277.07, onto school property;

(viii) the arrest of any student for an incident occurring on a school bus, on school property, or at a school-sponsored activity, including the charge therefor.

B. Notwithstanding the provisions of Article 12 (§ 16.1-299 et seq.) of Chapter 11 of Title 16.1, local law-enforcement authorities shall report, and the principal or his designee and the division superintendent shall receive such reports, on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act (§ 54.1-3400 et seq.) and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in clauses (i) through (viii) of subsection A, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. As part of any report concerning an offense that would be an adult misdemeanor involving an incident described in clauses (i) through (viii) of subsection A, local law-enforcement authorities and attorneys for the Commonwealth shall be authorized to disclose information regarding terms of release from detention, court dates, and terms of any disposition orders entered by the court, to the superintendent of such student's school division, upon request by the superintendent, if, in the determination of the law-enforcement authority or attorney for the Commonwealth, such disclosure would not jeopardize the investigation or prosecution of the case. No disclosures shall be made pursuant to this section in violation of the confidentiality provisions of subsection A of § 16.1-300 or the record retention and redisclosure provisions of § 22.1-288.2. Further, any school superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of § 16.1-260 shall report such information to the principal of the school in which the juvenile is enrolled.

C. The principal or his designee shall submit a report of all incidents required to be reported pursuant to this section to the superintendent of the school division. The division superintendent shall annually report all such

incidents to the Department of Education for the purpose of recording the frequency of such incidents on forms that shall be provided by the Department and shall make such information available to the public.

In submitting reports of such incidents, principals and division superintendents shall accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection B.

A division superintendent who knowingly fails to comply or secure compliance with the reporting requirements of this subsection shall be subject to the sanctions authorized in § 22.1-65. A principal who knowingly fails to comply or secure compliance with the reporting requirements of this section shall be subject to sanctions prescribed by the local school board, which may include, but need not be limited to, demotion or dismissal.

The principal or his designee shall also notify the parent of any student involved in an incident required pursuant to this section to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice shall relate to only the relevant student's involvement and shall not include information concerning other students.

Whenever any student commits any reportable incident as set forth in this section, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or his designee. Prevention and intervention activities shall be identified in the local school division's drug and violence prevention plans developed pursuant to the federal Improving America's Schools Act of 1994 (Title IV - Safe and Drug-Free Schools and Communities Act).

A. Except as may otherwise be required by federal law, regulation, or jurisprudence, the principal shall immediately report to the local law-enforcement agency any act enumerated in clauses (ii) through (vii) of subsection A that may constitute a criminal offense and may report to the local law-enforcement agency any incident described in clause (i) of subsection A.

Further, except as may be prohibited by federal law, regulation, or jurisprudence, the principal shall also immediately report any act enumerated in clauses (ii) through (v) of subsection A that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal shall report that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

Laws Regarding the Prosecution of Juveniles as Adults

The following information has been developed by the Office of the Attorney General regarding the prosecution of juveniles as adults as referenced in section [22.1-279.4](#) of the Code of Virginia:

School boards shall provide information developed by the office of the Attorney General to students regarding laws governing the prosecution of juveniles as adults for the commission of certain crimes. Methods of providing such information may include, but not be limited to, public announcements in the schools, written notification to parents, publication in the student conduct manual, and inclusion in those materials distributed to parents pursuant to § [22.1-279.3](#).

The following information in question and answer format provides the notice required by this section of the Code.

Who is a juvenile? Section [16.1-228](#) of the Code of Virginia defines a juvenile as “a person less than 18 years of age.” Section [16.1-269.1](#) of the Code permits juveniles, 14 years of age or older at the time of an alleged offense, to be prosecuted as adults for specific crimes under certain circumstances. This process is called a transfer to the appropriate circuit court for trial as an adult.

How is the age of the juvenile calculated? Section [16.1-241](#) of the Code of Virginia provides that for the purpose of transferring a juvenile to circuit court for trial as an adult, the child must have been age 14 or older at the time of the offense.

Under what circumstances does the law permit the transfer of juveniles for trial as adults? The Code of Virginia permits the transfer of juveniles for trial as adults under three specific circumstances. Following is a description of each circumstance and the procedure that is followed in order to determine whether the student is transferred to circuit court.

Circumstance #1

A transfer can occur when a juvenile, who is age 14 or older at the time of the offense, is charged with a crime which would be a felony if committed by an adult (§ [16.1-269.1 A](#) of the Code of Virginia). Offenses are either felonies or misdemeanors. Those offenses that are punishable by confinement in a state correctional facility or death are felonies; all other offenses are misdemeanors. Felonies are classified for the purposes of punishment and sentencing into six classes. The authorized punishments for conviction of a felony are as follows:

- Class 1 felony – death if the person convicted was 18 years of age or older at the time of the offense and is not determined to be mentally retarded and a fine of not more than \$100,000. If the person was under 18 years of age at the time of the offense or is determined to be mentally retarded, the punishment shall be imprisonment for life or imprisonment for life and a fine of not more than \$100,000.
- Class 2 felony – imprisonment for life or for any term not less than twenty years or imprisonment for life or for any term not less than twenty years and a fine of not more than \$100,000.
- Class 3 felony – a term of imprisonment of not less than five years nor more than twenty years or a term of imprisonment of not less than five years nor more than twenty years and a fine of not more than \$100,000.

(§§ [18.2-9](#) and [18.2-10](#) of the Code of Virginia)

In this circumstance, the Commonwealth’s Attorney’s office makes a formal request to the judge of the juvenile court for the juvenile to be transferred to the circuit court. The juvenile court holds a transfer hearing and may retain

jurisdiction or transfer the juvenile to the appropriate circuit court for criminal proceedings. Any transfer to the circuit court is subject to the following conditions: (1) notice; (2) probable cause to believe that the juvenile committed the alleged delinquent act or a lesser included delinquent act; (3) the juvenile is competent to stand trial; and, (4) the juvenile is not a proper person to remain within the jurisdiction of the juvenile court.

The decision regarding whether the juvenile is not a proper person to remain within the jurisdiction of the juvenile court is based upon, but not limited to, the following factors:

- The juvenile's age
- The seriousness and number of alleged offenses
- Whether the juvenile can be retained in the juvenile justice system long enough for effective treatment and rehabilitation
- The appropriateness and availability of the services and dispositional alternatives in both the criminal justice and juvenile justice systems needed by the juvenile
- The record and previous history of the juvenile in the jurisdiction where the alleged crime occurred or in other jurisdictions
- Whether the juvenile has escaped from a juvenile correctional entity in the past
- The extent, if any, of the juvenile's degree of mental retardation or mental illness
- The juvenile's school record and education
- The juvenile's mental and emotional maturity
- The juvenile's physical condition and maturity

Circumstance #2

A transfer can occur when a juvenile 14 years of age or older is charged with an offense which would be a felony if committed by an adult. (§ 16.1-269.1 C of the Code of Virginia)

In this circumstance, transfer is requested at the discretion of the Commonwealth's Attorney. If the Commonwealth's Attorney wishes to transfer the juvenile for trial as an adult, the juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 C of the Code of Virginia)

Circumstance #3

A transfer occurs when a juvenile 14 years of age or older at the time of the alleged offense is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding. (§ 16.1-269.1 B of the Code of Virginia)

Transfer under this circumstance is automatic. Whenever a juvenile 14 years of age or older is charged with capital murder, first or second degree murder, lynching or aggravated malicious wounding, he or she must be tried as an adult. The juvenile court holds a preliminary hearing to determine whether there is probable cause to believe the juvenile committed the alleged delinquent act. Upon a finding of probable cause, the juvenile is transferred for prosecution as an adult. (§ 16.1-269.1 B of the Code of Virginia)

If a juvenile is transferred for prosecution as an adult on one offense, what happens if he or she has also been charged with other offenses? If any one charge is transferred, all other charges of delinquency arising out of the same act will be transferred. (§ 16.1-269.6 of the Code of Virginia)

Does the transfer impact subsequent alleged criminal offenses? Yes. Once a juvenile is convicted of a crime as an adult in circuit court, all subsequent alleged criminal offenses of whatever nature, will be treated as adult offenses and no transfer hearing will be required. (§ 16.1-269.6 of the Code of Virginia)

What happens when an adult is sentenced for a crime he or she committed as a juvenile? When the juvenile court sentences an adult who has committed, before attaining the age of 18, an offense which would be a crime if committed by an adult, the court may impose a penalty up to a maximum of 12 months in jail and/or a fine up to \$2,500. (§ 16.1-284 of the Code of Virginia)

What can happen if a juvenile is tried as an adult? There are significant differences between a juvenile being tried as a juvenile and a juvenile being tried in the circuit court as an adult. In the juvenile system, a juvenile is given added protections because of his or her youth. First, records pertaining to the charge and adjudication of delinquency are confidential and may not be available to the public unless the crime was a felony. Second, if the adjudication is for a misdemeanor, the juvenile court record is expunged when the juvenile reaches the age of majority and is considered an adult. Third, a juvenile who is adjudicated delinquent remains in the juvenile system where a judge has discretion in the determination of the punishment or consequences to be imposed. In the juvenile system, the emphasis is on treatment and education.

In contrast, if a juvenile is prosecuted as an adult the issues and information related to the charge and the conviction of a crime are part of the public record. Because the information becomes an adult criminal record, it is not expunged when the juvenile reaches the age of 18. Additionally, the judge does not have the same discretion in sentencing. The judge in circuit court must impose at least the mandatory minimum sentence that is prescribed in sentencing guidelines. The circuit court does have the discretionary power to commit the juvenile to the juvenile system even if prosecuted as an adult.

II. SUSPENSIONS AND EXPULSIONS OF STUDENTS GENERALLY

Pupils may be suspended or expelled from attendance at school for sufficient cause; however, in no case may sufficient cause for suspension include only instances of truancy.

Any student for whom the superintendent has received a report pursuant to Va. Code § 16.1-305.1 of an adjudication of delinquency or a conviction for an offense listed in subsection G of Va. Code § 16.1-260 may be suspended or expelled from school attendance.

The authority of teachers to remove students from their classes in certain instances of disruptive behavior shall not be interpreted to affect the operation of this Policy.

III. SHORT-TERM SUSPENSIONS

A pupil may be suspended for not more than ten school days by either the school principal, any assistant principal, or, in their absence, any teacher. The principal, assistant principal or teacher may suspend the pupil after giving the pupil oral or written notice of the charges against him and, if he denies them, an explanation of the facts as known to school personnel and an opportunity to present his version of what occurred. In the case of any pupil whose presence poses a continuing danger to persons or property, or whose presence is an ongoing threat of disruption, the pupil may be removed from school immediately and the notice, explanation of facts and opportunity to present his version shall be given as soon as is practical thereafter.

Upon suspension of any pupil, the principal, assistant principal or teacher responsible for such suspension reports the facts of the case in writing to the superintendent or superintendent's designee and the parent of the pupil suspended. The superintendent or superintendent's designee reviews forthwith the action taken by the principal, assistant principal or teacher upon a petition for such review by any party in interest and confirms or disapproves such action based on an examination of the record of the pupil's behavior.

The decision of the superintendent or superintendent's designee may be appealed to the School Board Disciplinary Committee.

Any oral or written notice to the parent of a student who is suspended from school attendance for not more than ten days includes notification of the length of the suspension, information regarding the availability of communitybased educational programs, alternative education programs or other educational options and of the student's right to return to regular school attendance upon the expiration of the suspension. The costs of any community-based educational program, or alternative education program or educational option, which is not a part of the educational program offered by the school division, are borne by the parent of the student.

IV. LONG-TERM SUSPENSION

A pupil may be suspended from attendance at school for more than ten days after written notice is provided to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the School Board Disciplinary Committee. The Disciplinary Committee may confirm or disapprove the suspension. If the Disciplinary Committee's decision is not unanimous, the pupil or his parent may appeal the Disciplinary Committee's decision to the full School Board. Such appeal shall be decided by the School Board within thirty days.

The written notice of a suspension for more than ten days includes notification of the length of the suspension and provides information concerning the availability of community-based educational, alternative education or intervention programs. Such notice also states that the student is eligible to return to regular school attendance upon the expiration of the suspension or to attend an appropriate alternative education program approved by the School Board during or upon the expiration of the suspension. The costs of any community-based educational, alternative education, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his suspension is borne by the parent of the student.

Nothing herein shall be construed to prohibit the School Board from permitting or requiring students suspended pursuant to this section to attend an alternative education program provided by the School Board for the term of such suspension.

V. EXPULSION

A. Generally

Pupils may be expelled from attendance at school after written notice to the pupil and his parent of the proposed action and the reasons therefor and of the right to a hearing before the School Board Disciplinary Committee in accordance with the regulations of the School Board.

The School Board Disciplinary Committee may confirm or disapprove the expulsion of a student. If the Committee's decision is not unanimous, the pupil or his parent may appeal the Committee's decision to the full School Board. Such appeal is decided by the School Board within 30 days.

The Committee confirms or disapproves of proposed expulsions regardless of whether the pupil has exercised the right to a hearing.

The written notice given to the pupil and his parent includes notification of the length of the expulsion and provides information concerning the availability of community-based educational, training, and intervention programs. The notice states whether or not the student is eligible to return to regular school attendance, or to attend an appropriate alternative education program approved by the School Board, or an adult education program offered by the school division, during or upon the expiration of the expulsion, and the terms or conditions of such readmission. The costs of any community-based educational, training, or intervention program that is not a part of the educational program offered by the school division that the student may attend during his expulsion is borne by the parent of the student.

Nothing in this Policy shall be construed to prohibit the School Board from permitting or requiring students expelled pursuant to this Policy to attend an alternative education program provided by the School Board for the term of such expulsion.

If the School Board determines that the student is ineligible to return to regular school attendance or to attend during the expulsion an alternative education program or an adult education program in the school division, the written notice also advises the parent of such student that the student may petition the School Board for readmission to be effective one calendar year from the date of his expulsion, and of the conditions, if any, under which readmission may be granted.

The School Board establishes, by regulation, a schedule pursuant to which such students may apply and reapply for readmission to school. Such schedule is designed to ensure that any initial petition for readmission will be reviewed by the Disciplinary Committee or the superintendent, and, if granted, would enable the student to resume school attendance one calendar year from the date of the expulsion. If the superintendent or the Disciplinary Committee denies such petition, the student may petition the School Board for review of such denial.

B. Conduct Giving Rise to Expulsion

Recommendations for expulsions for actions other than those specified below are based on consideration of the following factors:

- the nature and seriousness of the conduct;
- the degree of danger to the school community;

- the student’s disciplinary history, including the seriousness and number of previous infractions;
- the appropriateness and availability of an alternative education placement or program;
- the student’s age and grade level;
- the results of any mental health, substance abuse or special education assessments; • the student’s attendance and academic records; and
- other appropriate matters.

No decision to expel a student shall be reversed on the grounds that such factors were not considered. Nothing in this subsection precludes the School Board from considering any of the factors listed above as “special circumstances” for purposes of expulsions discussed in the following subsections.

Firearms

The School Board shall expel from school attendance for a period of not less than one year any student whom the School Board has determined to have possessed a firearm on school property or at a school-sponsored activity as prohibited by Va. Code § 18.2-308.1, or to have possessed a firearm or destructive device as defined in this Policy, a firearm muffler or firearm silencer, or a pneumatic gun as defined in this Policy on school property or at a schoolsponsored activity. A school administrator, pursuant to School Board policy, or the School Board may, however, determine, based on the facts of a particular situation, that special circumstances exist and no disciplinary action or another disciplinary action or another term of expulsion is appropriate. The School Board may promulgate guidelines for determining what constitutes special circumstances.

In addition, the School Board may, by regulation, authorize the superintendent or superintendent’s designee to conduct a preliminary review of such cases to determine whether a disciplinary action other than expulsion is

10

appropriate. Nothing in this Policy shall be construed to require a student’s expulsion regardless of the facts of the particular situation.

The exemptions set out in Va. Code § 18.2-308 regarding concealed weapons apply, mutatis mutandis, to the provisions of this Policy. The provisions of this Policy do not apply to persons who possess such firearm or firearms or pneumatic guns as a part of the curriculum or other programs sponsored by the schools in the school division or any organization permitted by the school to use its premises or to any law-enforcement officer while engaged in his duties as such.

Drug Offenses

The School Board shall expel from school attendance any student whom the School Board has determined to have brought a controlled substance, imitation controlled substance or marijuana as defined in Va. Code § 18.2-247 onto school property or to a school-sponsored activity. The School Board may, however, determine, based on the facts of the particular case, that special circumstances exist and another disciplinary action is appropriate. In addition, the School Board may, by regulation, authorize the superintendent or the superintendent’s designee to conduct a preliminary review of such cases to

11 determine whether a disciplinary action

other than expulsion is appropriate. Nothing in this Policy shall be construed to require a student’s expulsion regardless of the facts of the particular situation.

C. Procedure for School Board Disciplinary Committee Hearing

The procedure for the Disciplinary Committee hearing is as follows:

- The Disciplinary Committee determines the propriety of attendance at the hearing of persons not having a direct interest in the hearing. The hearing is private unless otherwise specified by the Disciplinary Committee.

- The Disciplinary Committee may ask for opening statements from the principal or his representative and the student or his parent(s) (or their representative) and, at the discretion of the Disciplinary Committee, may allow closing statements.
- The parties then present their evidence. Because the principal has the ultimate burden of proof, he presents his evidence first. Witnesses may be questioned by the Disciplinary Committee members and by the parties (or their representative). The Disciplinary Committee may, at its discretion, vary this procedure, but it shall afford full opportunity to both parties for presentation of any material or relevant evidence and shall afford the parties the right of cross-examination provided, however, that the Disciplinary Committee may take the testimony of student witnesses outside the presence of the student, his parent(s) and their representative if the Disciplinary Committee determines, in its discretion, that such action is necessary to protect the student witness.
- The parties shall produce such additional evidence as the Disciplinary Committee may deem necessary. The Disciplinary Committee is the judge of the relevancy and materiality of the evidence.
- Exhibits offered by the parties may be received in evidence by the Disciplinary Committee and, when so received, are marked and made part of the record.
- The Disciplinary Committee may, by majority vote, uphold, reject or alter the recommendations.
- The Disciplinary Committee transmits its decision, including the reasons therefor, to the student, his parent(s), the principal and superintendent.

Following the decision of the Disciplinary Committee or upon expiration of the appeal period, the student's parent(s) or guardian is provided with written notice which includes the following:

- The terms or conditions of re-admission, if any;
- The duration of expulsion;
- A statement declaring whether the student is eligible to return to school or attend an appropriate alternative education program approved by the School Board or an adult education program offered by the division during or after the expulsion. If neither option applies, a statement that the student may petition the School Board for readmission after one calendar year from the date of his expulsion; and
- The availability of community-based educational, training and intervention programs.

The student or his parent(s) may appeal the Disciplinary Committee's decision to the full School Board only if the decision of the Disciplinary Committee is not unanimous. Otherwise the decision of the Disciplinary Committee is final.

The appeal to the full School Board must be in writing and must be filed with the superintendent within five (5) calendar days of the Committee's decision. Failure to file a written appeal within the specified time constitutes a waiver of the right to an appeal. The full School Board decides the appeal upon the record of the case within thirty (30)

calendar days of the request for an appeal and communicates its decision in writing to the student and his parent, guardian or other person having control or charge of the student. Such written notice includes any changes in: (1) the duration of the suspension or expulsion; (2) the availability of community-based educational, training, and intervention programs; and/or (3) eligibility to return to school or attend an alternative education program. No statements, witnesses or evidence may be presented at this appeal unless specifically requested by the Chairman of the Board.

12 The number of days within which the appeal must be filed is a local decision to be determined by each School Board.

VI. ALTERNATIVE EDUCATION PROGRAM

The School Board may require any student who has been

- (1) charged with an offense relating to the laws of Virginia, or with a violation of School Board policies, on weapons, alcohol, or drugs, or intentional injury to another person, or with an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G;
- (2) found guilty or not innocent of an offense relating to Virginia's laws on weapons, alcohol, or drugs, or of a crime that resulted in or could have resulted in injury to others, or of an offense that is required to be disclosed to the superintendent pursuant to Va. Code § 16.1-260.G.;
- (3) found to have committed a serious offense or repeated offenses in violation of School Board policies;
- (4) suspended pursuant to Va. Code § 22.1-277.05; or
- (5) expelled pursuant to Va. Code § 22.1-277.06, 22.1-277.07, or 22.1-277.08 or subsection B of Va. Code § 22.1-277,

to attend an alternative education program. The School Board may require such student to attend such programs regardless of where the crime occurred.

The School Board may require any student who has been found to have been in possession of, or under the influence of, drugs or alcohol on a school bus, on school property, or at a school-sponsored activity in violation of School Board policies, to undergo evaluation for drug or alcohol abuse, or both, and, if recommended by the evaluator and with the consent of the student's parent, to participate in a treatment program.

A principal or principal's designee may impose a short-term suspension, pursuant to Va. Code § 22.1-277.04, upon a student who has been charged with an offense involving intentional injury enumerated in Va. Code § 16.1260.G, to another student in the same school pending a decision as to whether to require that such student attend an alternative education program.

As used herein, "charged" means that a petition or warrant has been filed or is pending against a pupil.

VII. REPORTING

A. Except as may otherwise be required by federal law, regulation, or jurisprudence, reports are made to the superintendent and to the principal or principal's designee on all incidents involving

- (1) the assault, or assault and battery, without bodily injury, of any person on a school bus, on school property or at a school-sponsored activity;

- (2) the assault and battery which results in a bodily injury, sexual assault, death, shooting, stabbing, cutting, or wounding of any person, or stalking of any person as described by Va. Code § 18.2-60.3, on a school bus, on school property or at a school-sponsored activity;
 - (3) any conduct involving alcohol, marijuana, a controlled substance, imitation controlled substance, or an anabolic steroid on a school bus, on school property or at a school-sponsored activity, including the theft or attempted theft of student prescription medications;
 - (4) any threats against school personnel while on a school bus, on school property or at a school-sponsored activity;
 - (5) the illegal carrying of a firearm as defined in Va. Code § 22.1-277.07 onto school property;
 - (6) any illegal conduct involving firebombs, explosive materials or devices or hoax explosive devices, as defined in Va. Code § 18.2-85, or explosive or incendiary devices, as defined in Va. Code § 18.2-433.1, or chemical bombs, as described in Va. Code § 18.2-87.1, on a school bus, on school property or at a school-sponsored activity;
 - (7) any threats or false threats to bomb, as described in Va. Code § 18.2-83, made against school personnel or involving school property or school buses;
 - (8) the arrest of any student for an incident occurring on a school bus, on school property or at a school-sponsored activity, including the charge therefor and
 - (9) any illegal possession of weapons, alcohol, drugs or tobacco products.
- B. The superintendent and the principal or principal's designee may receive reports made by local law enforcement authorities on offenses, wherever committed, by students enrolled at the school if the offense would be a felony if committed by an adult or would be a violation of the Drug Control Act, Va. Code § 54.1-3400 et seq., and occurred on a school bus, on school property, or at a school-sponsored activity, or would be an adult misdemeanor involving any incidents described in the clauses (1) through (8) of subsection VII.A. of this Policy, and whether the student is released to the custody of his parent or, if 18 years of age or more, is released on bond. A superintendent who receives notification that a juvenile has committed an act that would be a crime if committed by an adult pursuant to subsection G of Va. Code § 16.1-260 reports such information to the principal of the school in which the juvenile is enrolled.
- C. The principal or principal's designee submits a report of all incidents required to be reported pursuant to subsection VII.A.(1-8) of this Policy to the superintendent. The superintendent annually reports all such incidents to the Department of Education.
- In submitting reports of such incidents, principals and superintendents accurately indicate any offenses, arrests, or charges as recorded by law-enforcement authorities and required to be reported by such authorities pursuant to subsection VII.B. of this Policy. D. The principal or principal's designee also notifies the parent of any student involved in an incident required by this subsection to be reported, regardless of whether disciplinary action is taken against such student or the nature of the disciplinary action. Such notice relates to only the relevant student's involvement and does not include information concerning other students.
- E. Whenever any student commits any reportable incident as set forth in this subsection, such student shall be required to participate in such prevention and intervention activities as deemed appropriate by the superintendent or superintendent's designee.
- F. Except as may otherwise be required by federal law, regulation, or jurisprudence, a principal immediately reports to the local law-enforcement agency any act enumerated in clauses (2) through (7) of subsection VII.A. of this Policy that may constitute a criminal offense and may report to the local law enforcement agency any incident described in clause (1) of subsection VII.A. of this Policy.

In addition, except as may be prohibited by federal law, regulation, or jurisprudence, the principal also

immediately reports any act enumerated in clauses (2) through (5) of subsection VII.A of this Policy that may constitute a criminal offense to the parents of any minor student who is the specific object of such act. Further, the principal reports that the incident has been reported to local law enforcement as required by law and that the parents may contact local law enforcement for further information, if they so desire.

G. For purposes of this section, "parent" or "parents" means any parent, guardian or other person having control or charge of a child.

VIII. RE-ADMISSION OF SUSPENDED AND/OR EXPELLED STUDENTS

Any student who has been suspended from a school of this division is not eligible to attend any other school within the division until eligible to return to his or her regular school.

Any student who has been expelled or suspended for more than thirty days from attendance at school by a school board or a private school in this Commonwealth or in another state or for whom admission has been withdrawn by a private school in this Commonwealth or in another state may be excluded from attendance in the Amherst County Public Schools, in accordance with Policy

School Admission. In the case of a suspension of more than thirty days, the term of the exclusion may not exceed the duration of such suspension.

In excluding any such expelled student from school attendance, the Amherst County School Board may accept or waive any or all of any conditions for readmission imposed upon such student by the expelling school board pursuant to Va. Code § 22.1-277.06. The School Board shall not impose additional conditions for readmission to school.

No suspended student is admitted to the regular school program until such student and his parent have met with school officials to discuss improvement of the student's behavior, unless the school principal or principal's designee determines that re-admission, without parent conference, is appropriate for the student.

If the parent fails to comply with this Policy or Policy JEC School Admission, the School Board may ask the Juvenile and Domestic Relations Court to proceed against the parent for willful and unreasonable refusal to participate in efforts to improve the student's behavior.

Upon the expiration of the exclusion period for an expulsion or a withdrawal of admission, which period shall be established by the School Board, committee thereof, or superintendent or superintendent's designee, as the case may be at the relevant hearing, the student may re-petition the School Board for admission. If the petition for admission is rejected, the School Board shall identify the length of the continuing exclusion period and the subsequent date upon which such student may re-petition the School Board for admission.

The School Board may permit students excluded pursuant to this subsection to attend an alternative education program provided by the School Board for the term of such exclusion.
