Technical Specifications
Royal School District
Category One WAN

Introduction
Royal School District is looking to improve its campus networking services by building out a WAN core network, separate from individual building networks. This core network will interconnect the building networks for four separate schools, as well as administrative offices.

As this network implementation will serve all district facilities and schools, it will be considered a Category One eligible service for the purposes of E-Rate.

In addition to interconnecting all schools to Internet services, separate district level servers and network infrastructure services will be connected directly to this core network, such as directory servers, DHCP and DNS servers, firewall protected DMZ services, and more.

This proposal is for hardware solutions only. The district assumes all responsibility for installation and configuration of the selected hardware.

Design
Core Layer 3 networking for the district is currently performed at the distribution level of one of the building networks. Royal Middle School houses a Cisco Catalyst 6500 platform that operates as the inter-VLAN router and core connectivity to the Internet, border services, and core network infrastructure systems, in addition to access and distribution level networking for the school.

The goal of this proposal is to break out those core networking requirements from the distribution layer and separate them into their own hardware, allowing more advanced configuration and decentralization of the core Layer 3 network stack.

All buildings will route their traffic to the new core using 10Gbps aggregated links over fiber optic networking. A total of three pair from each building will connect at the core, allowing aggregation into a logical 30Gbps link.

The core will need to be capable of routing this traffic between buildings and a connected Palo Alto firewall that connects to the Internet. In addition, Layer 2 switching Ethernet ports and SFP+ connectivity should exist in the core to connect district servers and services.

While a minimum of rack space allocation and hardware is appreciated for this proposal, the goal is to meet the requirements of the Equipment section below, and configurations that require multiple hardware components or Layer 3 switches in a stacked configuration will be considered. Proposals should include all cabling, modules, hardware and licensing to interconnect devices.
Equipment

Layer 3 Router
Proposal should include dedicated router(s) or Layer 3 capable switch(es) that meet the following specifications:

- At least 24 SFP+ ports, 10Gbps capable, for existing connectivity and future growth
- No less than 180 Gbps system throughput
- VLAN 802.1q tagging and routing support using virtual interfaces
- Link aggregation and LACP capable (802.3ad)
- Redundant power with hot-swap modules, with standard IEC C14 receptacles
- Layer 3 advanced routing (RIP, OSPF)
- Multicast support (PIM)
- Should include the following SFP+ modules:
  - Qty 6, 10GBASE-SR (Multi-mode for admin and Middle School)
  - Qty 9, 10GBASE-LR (Single-mode for Intermediate, Middle and High Schools)
  - Qty 2, 1000BASE-SX (Border Firewall)

Layer 2 Switching
Core network proposal should also include Layer 2 switching for district servers and DMZ networking. This can be separate device(s) from the Layer 3 device(s) above, built into the same device(s) in a Layer 3 capable switch, or in a stacked configuration with Layer 3 capable switch(es). Connectivity between the Layer 2 and Layer 3 devices should be included, if necessary, including, but not limited to: cables, modules, licensing and any other hardware and/or software. Connectivity between the Layer 2 and Layer 3 device(s) should be no less than 40Gbps, either through single links, aggregated links, or backplane infrastructure.

Layer 2 devices should meet the following specifications:

- 10 Gbps capable, with at least 8 available SFP+ ports for virtualization server interconnects
- At least 24 Gigabit Ethernet ports, for other servers, services, devices and controller hardware
- VLAN 802.1q tagging
- Link aggregation and LACP capable (802.3ad)
- Redundant power with hot-swap modules, with standard IEC C14 receptacles

This Contract is made by and between Buyer (as defined in the Standard Terms and Conditions) and the Seller (as defined in the Standard Terms and Conditions). Buyer and Seller agree as follows:

1. **Purchase and Sale of Goods.** Seller will sell and deliver to Buyer and Buyer will purchase from Seller the goods, services, information, drawings, documents and other items described in this RFP ordered by Buyer, if any, from time to time during the Term of this Contract (as defined in Paragraph 3 below). Buyer does not guarantee to purchase any minimum or maximum quantities of bid items. Details that are necessary to carry out the intent of this Contract, but that are not expressly required, shall be performed or furnished by Seller without any increase in compensation otherwise payable under this Contract.

2. **Compensation.** As full compensation for the Goods, Buyer will pay Seller the applicable sums for the Goods ordered by Buyer, if any, set forth in accordance with the payment provisions of this Contract.

3. **Term.** The Term of this Contract (“Term”) shall commence on the date of this Contract in accordance with Paragraph 5 below, and, subject to earlier termination as provided in the attached Standard Terms and Conditions, shall end twelve (12) months thereafter. The Term of this Contract may be extended for up to two additional 12-month periods as desired by the Buyer upon satisfactory performance by the Seller. Actual work start date may be dependent upon E-Rate Funding, but will be no earlier than July 1, 2021.

1. **Definitions**

   1.1. The following terms shall have the following definitions whenever used in this Contract:

   1.1.1. “Buyer” is defined as Royal School District.

   1.1.2. “Seller” is defined as the seller or vendor identified in the Contract. If Seller is composed of more than one person or entity, then each person or entity shall be jointly and severally liable as Seller under this Contract.

2. **Price and Payment**

   2.1. Payment of the specified Prices shall constitute full compensation for the Goods and satisfactory performance of all the Seller’s obligations under this Contract. Such Prices shall be subject to adjustment only as specifically provided for elsewhere in this Contract. Should the list price decrease, the cost to the buyer shall be determined by applying the discount percentage to the new list price. Seller shall separately identify on the Schedule of Prices and the applicable invoice of Seller any applicable taxes arising out of the sale of the Goods payable by Buyer. Any time periods specified for accepting any discounts shall commence upon, and Buyer shall pay the appropriate amounts due thirty (30) days after, the later of: (a) the date that Buyer receives Seller’s correct invoice therefor; or (b) the date that Buyer accepts the Goods (together with any required documentation) at the specified destination. If Seller fails to perform in a timely manner any of its obligations under this Contract, then Buyer may, upon ten (10) days advance written notice to Seller of Buyer’s intention to do so, perform or have performed the same and deduct or offset such amount from the compensation payable to Seller under this Contract or otherwise charge to or recover from Seller the cost of such performance. Retainage of 5% will be withheld from each payment.

3. **Universal Service Fund (E-Rate)**

   3.1. The District is planning on using Federal Universal Service Funds for substantial funding of this project; therefor the seller should be familiar with this process.

   3.2. Seller will invoice the Buyer using the discounted invoice, or Service Provider Invoice (SPI) method, once a funding commitment has been approved by the Universal Service Administration Company (USAC) Schools and Libraries Division (SLD).
4. Delivery

4.1. Seller shall properly package the Goods for protection against damage or deterioration that may result from shipment, handling, storage or other cause. Seller shall ship the Goods from the specified point of shipment no later than the specified shipment date and shall deliver the Goods to Buyer FOB the specified destination no later than the specified delivery date. Risk of loss or damage to the Goods shall remain with Seller until delivery of the Goods to Buyer at the specified destination at which time title to the Goods and such risk pass to Buyer.

5. Delays

5.1. Time is of the essence in the performance of Seller’s obligations under this Contract. However, Seller shall not be liable for delays in delivery due to causes which (a) are not foreseeable; (b) are beyond Seller’s control; and (c) cannot be overcome by Seller after using its best efforts to do so; provided that Seller, within three (3) days after the commencement of the delay, or, if earlier, the date on which Seller knew or should have known that the delay would occur, gives Buyer written notice of the circumstances giving rise to the delay, the anticipated duration of the delay, and the action being taken by Seller to overcome or mitigate the delay.

6. Inspection

6.1. The Goods shall at all times be subject to inspection, testing, and expediting by Buyer. No Goods shall be deemed accepted prior to final inspection and acceptance by Buyer at the specified destination. Failure of Buyer to inspect goods does not relieve Seller of its obligations or impair Buyer’s right to reject defective or non-complying goods.

7. Warranty

7.1. Seller warrants that: (a) the Goods shall be free from all defects in design, materials, workmanship and title; (b) all materials, components, parts and other items incorporated in Goods shall be new, merchantable and of suitable quality for their intended purpose; and (c) the Goods shall conform to the attached Specifications and other requirements of this Contract. Seller shall promptly correct any Goods that do not comply with this warranty. If Buyer requires Seller to make any such correction and Seller thereafter fails or indicates its inability or unwillingness to do so, then Buyer may correct (or cause to be corrected) the non-compliance or otherwise achieve compliance by the most expeditious means available to it and charge to or otherwise recover from Seller the cost thereof. If Buyer rejects any Goods that do not comply with the foregoing warranty, Seller shall have a reasonable time to correct the non-compliance; if Seller fails to correct the non-compliance within a reasonable time, Buyer may cancel this Contract as to the non-complying Goods without any liability or obligation of, or cost to, Buyer with respect to such Goods and without prejudice to any other rights or remedies of Buyer with respect to such non-compliance (e.g., as to damages or cover).
8. Activities on Buyer’s Premises

8.1. If Seller or any of its subcontractors or suppliers of any tier performs any activities on premises owned, leased, possessed or controlled by Buyer, Seller shall: (a) take all precautions which are necessary to prevent injury (including death) to persons and damage to any property or environment in connection with such activities; and (b) release, defend, indemnify and hold harmless the Buyer from all claims, losses, harm, liabilities, damages, costs, and expenses (including, but not limited to, reasonable attorney’s fees) that may arise in connection with such activities. Without limiting the generality of the foregoing, Seller waives its immunity under any applicable workers’ compensation laws for purposes of this Section 8 and assumes potential liability for actions brought by Seller’s employees, subcontractors or suppliers of any tier.

8.2. The Seller shall maintain a comprehensive general liability policy which shall provide bodily injury and property damage liability on Seller’s operations; owned, non-owned, and hired vehicles; on work sublet to others; and on the indemnity agreement set out above. The limits of liability insurance shall not be less than the following:

8.2.1. $1,000,000 per occurrence for bodily injury liability including sickness, disease, or death, and $1,000,000 bodily injury liability for all occurrences (other than automobiles); and

8.2.2. $1,000,000 for property damage liability (other than automobiles) because of damage to or destruction of property of others including loss of use thereof caused by one occurrence and $1,000,000 property damage liability for all occurrences.

8.2.3. As an alternate to subparagraphs 8.2.1 and 8.2.2 above, Seller may insure for $1,000,000 combined single limit protection for both bodily injury and property damage liability per occurrence and $1,000,000 general aggregate.

8.2.4. In addition, $1,000,000 per accident for bodily injury liability, including sickness, disease, or death, and property damage liability because of damage to, or destruction of, property of others, including loss of use thereof arising out of the operation of automobiles.

8.2.5. In addition, the Seller shall maintain a true umbrella policy that provides excess limits over the primary layer, in an amount not less than $1,000,000.

8.3. In addition, the Seller shall purchase and maintain insurance for claims under worker’s compensation (industrial insurance), disability benefit and other similar employee benefit acts in the State statutory amount and Employer’s Liability with coverage of at least $250,000/$500,000.
8.4. The insurance described above shall be in place prior to commencing activities on the Buyer’s premises. The Buyer’s specification or approval of the coverage’s or insurance in this agreement or of their amounts are not limits of liability and shall not relieve or decrease the liability of the Seller.

8.5. Before exposure to loss can occur, the Seller shall furnish the Buyer with Certificates of Insurance as evidence of all insurance required above. All policies and certificates must be signed copies and shall contain a clause agreeing that such insurance cannot be materially altered (i.e., the coverage reduced, the limits decreased, or the additional insureds removed), allowed to expire, or cancelled without first giving 45 days written notice by certified mail the Buyer. The Seller shall furnish to the Buyer copies of any subsequently issued endorsements amending, modifying, altering, or restricting coverage of limits.

8.6. If the Buyer is damaged by the failure of the Seller to maintain any of the above insurance, then the Seller shall bear all costs properly attributable thereto.

9. Infringement

9.1. Seller releases and shall defend, indemnify and hold harmless Buyer from all claims, losses, harm, liabilities, damages, costs, expenses (including, but not limited to reasonable attorneys’ fees) and royalties related to any claim, action, suit or proceeding involving the Goods or any use or intended use of the Goods, which claim, action, suit, or proceeding is based upon infringement (or alleged infringement) of any patent, copyright, mask work, trade secret, trade name or trademark or upon the wrongful use (or alleged wrongful use) of any confidential or proprietary concept, method, process, product, writing, information or other item. Further, if any of the Goods or any use or intended use of the Goods constitutes an infringement of any patent, copyright, mask work, trade secret, trade name or trademark or wrongful use of any confidential or proprietary concept, method, process, product, writing, information or other item, Seller shall: (a) procure for Buyer, at no cost to the Buyer, the right to use the infringing item; (b) replace the infringing item with a substantially equal but non-infringing item; or (c) modify the infringing item so that it becomes non-infringing.

10. Compliance with Laws

10.1. Seller shall comply (and shall ensure that the Goods and Seller’s subcontractors and suppliers of every tier comply) with all applicable laws, ordinances, rules, regulations, orders, licenses, permits and other requirements, now or hereinafter in effect, of any governmental authority. All laws, ordinances, rules, regulations and orders required to be incorporated in agreements of this character are incorporated in this Contract by this reference.
11. Changes

11.1. Buyer may from time to time make changes in the requirements of this Contract (including, but not limited to, additions to or deletions from any Goods, changes in quantities, drawings and specifications for the Goods, suspension of performance, changes in schedule and changes in shipment and delivery dates) by giving Seller written notice of such changes. If any such changes cause an increase or decrease in the cost of or the time required for performance of this Contract, an equitable adjustment in the prices and schedule under this Contract shall be made to reflect such increase or decrease.

12. Termination of Contract

12.1. Buyer may from time to time terminate this Contract as to all or any portion of the Goods not then delivered to and accepted by Buyer by giving Seller written notice of such termination. In the event of any such termination, an equitable adjustment shall be made under this Contract with respect to the terminated Goods for the costs Seller unavoidably incurred as a result of such termination, provided that costs shall in no event exceed the total prices otherwise payable under this Contract for the terminated Goods, less the sum of (a) the estimated costs (plus a reasonable allowance for profit) which would have been incurred by Seller to complete performance with respect to the terminated Goods, and (b) the reasonable value of the terminated Goods at the time of such termination.

13. Successors and Assigns

13.1. Seller shall not (by contract, operation of law, or otherwise) assign this Contract or any right or interest in this Contract, or delegate performance of any of its duties or obligations under this Contract, without the prior written consent of Buyer. Any such assignment or delegation without Buyer’s prior written consent shall be voidable at Buyer’s option. Subject to the foregoing restriction on assignment and delegation by Seller, this Contract shall be fully binding upon and enforceable by Seller, Buyer, and their respective successors, assigns and legal representatives.

14. Non-Waiver

14.1. The failure of Buyer to insist upon or enforce strict performance by Seller of any of the provisions of this Contract, or to exercise any rights or remedies under this Contract, shall not be construed as a waiver or relinquishment to any extent of its right to assert or rely upon any such provisions, rights or remedies in that or any other instance; rather, the same shall be and remain in full force and effect.
15. **Applicable Law; Courts**

15.1. This Contract shall be interpreted, construed, and enforced, in all respects, in accordance with the laws of the state of Washington, without reference to its choice of law principles. Seller shall not commence or prosecute any suit, proceeding, or claim (to enforce the provisions of this Contract, to recover damages of, or default under this Contract or otherwise) arising under or by reason of this Contract, other than in the courts of the state of Washington in Grant County, or the United States District Court for the Eastern District of Washington in Spokane, Yakima or Richland. Seller irrevocably consents to the jurisdiction and venue of the courts identified in the preceding sentence.

16. **Entire Agreement**

16.1. This Contract sets forth the entire agreement and supersedes any and all prior agreements, between Seller and Buyer regarding the Goods. No amendment or modification of any provision of this Contract shall be valid unless set forth in a written instrument signed by both parties. Buyer shall not be bound by, and specifically objects to, any term, condition or other provision which is different from or in addition to the provisions of this Contract (whether or not it would materially alter this Contract) and which has been proffered by Seller in any quotation, invoice, shipping document, acceptance, confirmation, correspondence or otherwise, unless Buyer specifically agrees to such provision in a written instrument signed by Buyer. The rights, remedies and warranties afforded to Buyer pursuant to any provision of this Contract are in addition to and do not in any way limit any other rights, remedies or warranties afforded to Buyer by any other provisions of this Contract, by any of Seller’s subcontractors, suppliers of any tier, or by law.

17. **Employees**

17.1. The Seller shall enforce strict discipline and good order among the Seller’s employees and other persons carrying out the Contract. The Seller shall not permit employment of unfit persons or persons not skilled in tasks assigned to them. At no change to the Contract price or Contract time, the Buyer may provide written notice requiring the Seller to remove from the site any employee or other person carrying out the Contract the Buyer considers objectionable. If the work is being performed at a site in active school use or where there is a likelihood of contact with children, a person shall be unfit if he or she has pled guilty to or has been convicted of any felony crime involving the physical injury or death of a child (RCW 9A.32 or 9A.36 but not RCW 46.61 – motor vehicle violation), the physical neglect of a child (RCW 9A.42), sexual offenses against a minor (RCW 9A.44), sexual exploitation of a child (RCW 9.68A), the sale or purchase of a minor child (RCW 9A.64.030), promoting prostitution of a child (RCW 9A.88), or violation of similar laws of another jurisdiction.

17.2. The Seller shall comply with all applicable provisions of RCW 49.28, “Hours of Labor”.

17.3. Pursuant to RCW 49.70, “Worker and Community Right to Know Act”, and WAC 296-62-054 et seq., the Seller shall provide the Buyer copies of and have available at the Project site a workplace survey or material safety data sheets for all “hazardous” chemicals under the control or use of Seller at the Project site. Seller shall not be entitled to any additional contract time or compensation arising from its failure or alleged failure to comply with this statute or regulation.

18. **Prevailing Wages**

18.1. Pursuant to RCW 39.12, no worker, laborer, or mechanic employed in the performance of any part of the project on site shall be paid less than the “prevailing rate of wage” (in effect as of the date that bids are due) as determined by the Industrial Statistician of the Department of Labor and Industries. The schedule of the prevailing wage rates for the locality or localities where this contract will be performed is attached to the executed contract and made a part of the Contract by reference as though fully set forth herein. The Seller shall provide the respective Subcontractors with a schedule of the applicable prevailing wage rates.
