    - ii. Sarah Gehan: We have been doing more social emotional lessons which has been helpful
    - iii. Shanna Bengtson: Proud of relationships students have with staff members
    - iv. Scott Church: Co-teaching model has helped decrease achievement gap with small group learning, 2nded by Sarah Gehan
    - v. Shanna: frustrated by lack of family engagement and survey results
    - vi. Jenny Schroder: Goal area 1 and 2 seem to separate students, but are both included? Would like to see more collaboration with neighborhoods. In goal 1, many things are not measurable (strong writing skills) and will they require curriculum changes?
    - vii. Alicia Carter: Frustrated that parents/students aren't aware of the many resources available. Would like the district to work together so that schools can implement the same SEL curriculum, etc.
    - viii. Shanna Bengtson: number of assessments done by the district seems overwhelming for students
    - ix. Scott Church: Goal 2 - which program had the most successful results?
    - x. Any additional comments can be emailed to Sonia Gomez until Friday

4. Review Draft of 2020-21 Site Plan - To be discussed at future Site Council Meeting

5. Feedback/Comments

a. Jenny Schroder

- i. Concerned about executive functioning skills now that son is in high school. She feels that more focus of this was given at Crittenden in the past. There is currently no incentive for students to use their planners. Her son did not learn how to be organized or study for tests and is struggling in high school now. She feels that our district can do a better job preparing students in this area.

6. Next meeting November 10, 2020 at 4:00 pm
