**ARTICLE I
PREAMBLE**

This Master Agreement is entered into between the Education Minnesota Brainerd, Local 697 Education Minnesota AFT/NEA, AFL-CIO (hereinafter called the Education Minnesota Brainerd) and the School Board of Independent School District No. 181, Brainerd, Minnesota (hereinafter referred to as the School Board), pursuant to and in compliance with the Public Employment Labor Relations Act of 1971 as amended (hereinafter referred to as the P.E.L.R.A.), to provide the terms and conditions of employment for teachers during the term of this Master Agreement.

**ARTICLE II
RECOGNITION OF EXCLUSIVE RECOGNITION**

In accordance with the P.E.L.R.A., the School Board recognizes the Education Minnesota Brainerd as the exclusive representative of Teachers and certified school nurses employed by the School Board of Independent School District No. 181. The Education Minnesota Brainerd as certified bargaining representative shall have those rights and duties as prescribed by the P.E.L.R.A., and such as described in the provisions in this Agreement.

All terms used in this Master Agreement shall have those meanings defined by the P.E.L.R.A.

Definitions:

Section 1. Terms and Conditions of Employment:

The term "terms and conditions of employment" means the hours of employment, the compensation therefore including fringe benefits except retirement contributions of benefits, and the employer's personnel policies affecting the working conditions of the employees. In the case of professional employees, the term does not mean educational policies of a school district. The terms in both cases are subject to the provisions of P.E.L.R.A. regarding the rights of public employers and the scope of negotiations.

Section 2. Teacher:

The term "teacher" shall mean all persons in the appropriate unit employed by the School District in a position for which the person must be licensed and who is licensed by the State of Minnesota including physical therapists and occupational therapists; but shall not include superintendent, assistant superintendent, principals, directors, and assistant principals who devote more than 50% of their time to administrative or supervisory duties, confidential employees, supervisory employees, essential employees, and such other employees excluded by law.

Section 3. School District:

For the purposes of administering this Agreement, the term "School District" shall mean the School Board or its designated representative.

Section 4. Other Terms:

Terms not defined in this Agreement shall have those meanings as defined by the P.E.L.R.A.

Section 5. Union Leave:

EMB members, designated by EMB, shall be entitled to a total of 20 days paid time away

from work. The reason for and schedule of the absence shall be pre-approved by mutual agreement by School District Administration and EMB.

Section 6. Non-Discrimination:

The School District and the Education Minnesota Brainerd agree that Independent School District 181, Brainerd Public Schools, shall not discriminate based on race, color, national origin, sex, or disability.

Section 7. Access to Membership Lists:

By October 1 of each school year, the District shall provide in electronic form to the exclusive representatives the names, telephone numbers, e-mail address, full-time equivalency (FTE) status, worksite location and assignment of all bargaining unit members employed. Upon request, the District shall provide the exclusive representative with a current bargaining unit list. Such requests shall be filled within 10 (ten) days.

Section 8. Access to Worksites:

Representatives of EMB shall have reasonable access on the same terms as other members of the community to worksites, school facilities and services (i.e. interschool mail, electronic communication) to investigate employee complaints, communicate with members, hold meetings and conduct other business. Upon arrival at the worksite, EMB representatives shall make their presence known to the worksite supervisor or his/her designee. Such visits shall not interrupt normal work responsibilities.

**ARTICLE III
SCHOOL BOARD RIGHTS**

Section 1. Inherent Managerial Rights

The exclusive representative recognizes that the School Board is not required to meet and negotiate on matters of inherent managerial policy, which include, but are not limited to, such areas of discretion or policy as the functions and programs of the employer, its overall budget, utilization of technology, the organizational structure and selection and direction and number of personnel.

Section 2. Management Responsibilities:

The exclusive representative recognizes the right and obligation of the School Board to efficiently manage and conduct the operation of the School District within its legal limitations and with its primary obligation to provide educational opportunity for the students of the School District.

Section 3. Effect of Laws, Rules and Regulations:

The exclusive representative recognizes that all employees covered by this Agreement shall perform the teaching and non-teaching services prescribed by the School Board and shall be governed by the laws of the State of Minnesota, and by the School Board rules, regulations, directives and orders, issued by properly designated officials of the School District. The exclusive representative also recognizes the right, obligation and duty of the School Board and its duly designated officials to promulgate rules, regulations, directives and orders from time to time as deemed necessary by the School Board insofar as such rules, regulations, directives and orders are not inconsistent with the terms of this Agreement. The exclusive representative also recognizes that the School Board, all employees covered by this Agreement, and all provisions of this Agreement are subject to the laws of the State of Minnesota, Federal laws, rules and regulations of the State

Board of Education, and valid rules, regulations and orders of State and Federal governmental agencies. Any provision of this Agreement found to be in violation of any such laws, rules, regulations, directives or orders shall be null and void and without force and effect.

Section 4. Reservation of Managerial Rights:

The foregoing enumeration of rights and duties shall not be deemed to exclude other inherent management rights and management functions not expressly reserved herein, and all management rights and management functions not expressly delegated in this Agreement are reserved to the School District.

**ARTICLE IV
TEACHER RIGHTS**

Section 1. Rights to Views:

Nothing contained in this Agreement shall be construed to limit, impair or affect the right of any teacher or his/her representative to the expression or communication of a view, grievance, complaint or opinion on any matter related to the conditions or compensation of public employment or their betterment, so long as the same is not designed to and does not interfere with the full, faithful, and proper performance of the duties of employment or circumvent the rights of the exclusive representative.

Section 2. Right to Join:

Teachers shall have the right to form and join labor or employee organizations, and shall have the right not to form and join such organizations.

Section 3. Personnel Files:

Personnel files of School District No. 181 shall be governed by Minnesota Statutes §122A.40, Subdivision 19.

Section 4. Application of Agreement:

Subdivision 1.

The provisions of this Agreement shall be applied without regard to race, creed, religion, color, national origin, age, sex, marital status, or place of residence.

Subdivision 2.

There shall be three signed copies of the final Agreement for the purposes of record. One retained by the Board, one by Education Minnesota Brainerd and one by the Superintendent. The Board shall provide each teacher with a copy of the final Agreement.

Section 5. Notice of Assignment:

The School District shall issue Notice of Assignment each year to all staff covered by this Agreement. All first year employees covered by this Agreement will be issued a contract and notice of assignment for employee and School Board signature.

Whenever feasible, teachers shall be notified of their individual schedules for the ensuing year no later than July 1.

Section 6. Lead Teacher, Program Coordinator and Teacher on Special Assignment Positions:

The School District will review with EMB the lead teacher, program coordinator and teacher on special assignment positions (T.O.S.A.) it desires to establish. The School District and EMB will create job descriptions for the position that will not include placing the teacher in an evaluative or disciplinary role with other teachers. The teacher will be compensated at a rate agreed upon between the teacher, EMB and the School District. The teacher serving in a lead teacher, program coordinator and T.O.S.A. positions can return to his/her former teaching position with a letter of notification to the School District by March 1. The teacher will continue to earn seniority while on special assignment. All lead teacher, program coordinator and T.O.S.A. positions will be posted in accordance with the Master Agreement.

Section 7. Disciplinary Action:

No teacher shall be denied a scheduled salary increase or deprived of any professional advantage without reasonable notice for correction. Such discipline or denial shall not take place without good and sufficient reason. Any such discipline or denial, including adverse evaluation of teacher performance asserted by the School Board or representative thereof, shall be subject to the professional grievance procedure herein set forth. All information forming the basis for disciplinary action will be made available to the teacher and to the Education Minnesota Brainerd.

Subdivision 1. Suspension Without Pay:

A teacher may be suspended without pay for good and sufficient reason. Any such suspension is subject to the Grievance Procedure.

Subdivision 2. Notice and Hearing:

Suspension shall take effect upon written notification, except in an emergency when written notice will follow as soon as possible, from the Superintendent of Schools to the teacher, stating the grounds for suspension together with a statement that the teacher may make a written request for a hearing before the School Board to review the suspension within five (5) days after receipt of such notification. If, after a hearing before the School Board, the suspension is reversed and set aside, the teacher shall be reinstated and compensated for salary loss during the period of the suspension. However, should the decision of the School Board, after said hearing, be to uphold the suspension, the teacher shall have the right to invoke the Grievance Procedures set forth in the Agreement in Level IV of said procedure.

Subdivision 3. Effective Date:

The suspension shall take effect upon receipt by the teacher of the written notice of suspension or shall take effect as otherwise indicated in the written notice of suspension. The suspension shall continue in effect for the time-period provided in the written notice or as otherwise decided by the School Board, but not to exceed a period of thirty (30) days.

Section 8. Dues Deduction:

Subdivision 1.

A teacher may sign and deliver to the School Board an assignment authorizing deduction of membership dues in the professional teacher organization of his/her choice not less than two (2) weeks before the next available pay date. Such authorization shall continue in effect from year to year unless revoked in writing during the week preceding October 1 each year. The District agrees to implement all of the terms of dues-check-off authorization submitted to the District by EMB and agreed to by the Employee. Pursuant to such authorization, the School Board shall deduct one-tenth

of such dues from the regular salary check of the teacher each month for ten (10) months, beginning in September and ending in June of each year. Deductions for new teachers and teachers employed after the commencement of the school year shall be appropriately pro-rated to complete payments by the following June.

Subdivision 2.

With respect to all sums deducted by the School Board, pursuant to authorization of the employees, the School Board agrees to remit such amounts to the appropriate organization.

Section 9. Credit Union:

The School Board agrees to deduct from teachers' salaries payments to teacher organization credit unions. Said deductions must be authorized in writing by the teacher.

Section 10. Representative:

Subdivision 1:

Duly authorized representative of professional teacher organization and their respective affiliates shall be permitted to transact official organizational business on school property at all reasonable times, provided that this shall not interfere with or interrupt normal school operations.

Subdivision 2:

An employee who, on behalf of the Education Minnesota Brainerd, is required to actively participate in a grievance arbitration session during the school day shall be released from regular duties during said hearing without loss of pay.

Subdivision 3:

The exclusive representative shall be entitled to a reasonable time for activities and meetings associated with duties as exclusive representative. The exclusive representative shall pay costs of the substitute teacher.

Section 11. District Advisory Committee:

The School District shall include teachers on the District Advisory Committee.

Section 12. Teacher Evaluations:

Although evaluation of student achievement is a primary responsibility of administration and certified staff, student achievement results will not be the sole criteria used for evaluation of certified staff.

**ARTICLE V
ITNERINT STAFF**

Section 1.

Schedules of teachers who are assigned to more than one school shall be arranged so that no such teacher shall be required to engage in an unreasonable amount of inter-school travel. Such teachers shall be notified of any changes in their schedules as soon as practical.

Section 2.

Teachers who may be required to use their own automobiles in the performance of their duties and teachers who are assigned to more than one school per day shall be reimbursed for all such travel

at the I.R.S. rate per mile for all driving done after arrival at the first location at the beginning of their workday. Teachers traveling to three or more work sites per day for the entire school year shall have option of \$250 per year or the I.R.S. mileage rate.

Section 3.

The same allowance shall be given for use of personal cars for field trips or other business of the School District.

**ARTICLE VI
TEACHER TRANSFERS AND VACANCIES**

Section 1. Transfers:

Requests by a teacher for transfer to a different class, building, or position shall be made in writing, one copy of which shall be filed with the Superintendent and one copy shall be filed with the Education Minnesota Brainerd. The request shall set forth the reasons for transfer, the school, grade or position sought and the applicant's academic qualifications. Such requests shall be renewed once each year by the teacher to assure consideration by the School Board. The Board, with the approval of the Superintendent, may make such transfers as it deems advisable for the best interests of the school system.

Subdivision 1.

In the event of an involuntary transfer, the Superintendent shall notify the affected teacher and the Education Minnesota Brainerd of such transfer. If the teacher objects to such transfer, the dispute may be resolved through the professional grievance procedure.

Subdivision 2.

Any teacher who shall be transferred to an administrative or executive position and who returns to teacher status within four years shall be entitled to retain such rights as he or she may have had under this Agreement prior to such transfer to supervisory or executive status.

Section 2. Vacancies:

The School Board declares its support of a policy of filling vacancies, including temporary vacancies and vacancies in supervisory positions, from within its own teaching staff. Vacancies of less than one school year need not be posted.

Whenever a vacancy arises or is anticipated, the Superintendent shall promptly post notice of same on a bulletin board in each school building for no less than one (1) week before the position is filled and give written notification to the Education Minnesota Brainerd. Vacancies when filled from within the present teaching staff shall be filled on the basis of the experience, competency, and qualifications of the applicant, length of service in the School District, and other relevant factors.

**ARTICLE VII
UNREQUESTED LEAVE OF ABSENCE AND FULL-TIME SENIORITY**

Section 1. Purpose:

The purpose of this policy is to implement the provisions of Minn. Stat. §122A.40, Subdivision

10, and amendments thereto.

Section 2. Definitions:

The School Board may place on unrequested leave of absence without pay or fringe benefits, as many teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes caused by consolidation of districts. The unrequested leave shall be effective at the close of the school year. In placing teachers on unrequested leave, the board shall be governed by the following provisions:

Subdivision 1.

No teacher who has acquired continuing contract rights shall be placed on unrequested leave of absence while Tier 1 - licensed, Tier 2 - licensed, or probationary teachers are retained in positions for which the teacher who has acquired continuing contract rights is licensed.

Subdivision 2.

Tier 3 and 4 teachers shall be placed on unrequested leave of absence in fields in which they are licensed in the inverse order of seniority, as calculated by initial date of hire as a licensed teacher in the district. No continuing contract teacher shall be placed on unrequested leave of absence if any other qualified continuing contract teacher licensed in the same field and subject matter is on a "Targeted Staff Development and Improvement Plan - District Level" as provided in the ISD 181 Certified Staff Development and Improvement Plan required in M.S 122A.40 Subd.8.

Subdivision 3.

Notwithstanding the provisions of Subdivision 2, no teacher shall be entitled to exercise any seniority when that exercise results in that teacher being retained by the School District in a field for which the teacher holds only a provisional license, as defined by the board of teaching, unless that exercise of seniority results in the placement on unrequested leave of absence of another teacher who also holds a provisional license in the same field. The provisions of this Subdivision shall not apply to vocational education licenses.

Subdivision 4.

A) Full-time seniority means continuing contract, qualified teachers commencing with first day of actual service in the School District and shall exclude probationary teachers, those teachers who are substituting for teachers on leaves of absence, and part-time teachers employed less than fifty percent (50 percent) in a school year. Part-time seniority means continuing contract, qualified teachers who are employed less than fifty percent (50 percent) commencing with first day of actual service in the School District and shall exclude probationary teachers and those teachers who are substituting for teachers on leaves of absence. The first day of actual service in the School District must be in a position for which proper licensure was held. Probationary teachers who subsequently gain continuing contract rights will have, at the next publishing of the seniority lists, their initial date of employment with the School District specified.

B) In determining the length of seniority, a teacher whose employment has been legally terminated by resignation, or termination pursuant to Minn. Stat. §122A.40, but whose employment was subsequently reinstated by action of School Board and the teacher, without interruption of regular service, shall retain his or her original seniority date.

Subdivision 5.

The School Board may place on unrequested leave of absence for a period not exceeding

five (5) calendar years from the time such leave is commenced, without pay or fringe benefits, such teachers as may be necessary because of discontinuance of position, lack of pupils, financial limitations, or merger of classes. The teacher's right to reinstatement shall also terminate if the teacher fails to file with the ISD 181 Human Resources Office by April 1 of each year, a written statement requesting reinstatement. Such leave shall be effective no later than the close of the school year or at such earlier time as mutually agreed between the teacher and the School Board. Teachers on unrequested leave shall remain eligible for participation in group insurance programs at their own expense.

Subdivision 6.

Teachers placed on unrequested leave shall receive notice before June 1st of the school year prior to the commencement of such leave with reason therefore, with a hearing provided in accordance with Minn. Stat. §122A.40, upon submission of a timely request for a hearing.

Subdivision 7.

In the event of a staff reduction, action affecting employees whose first date of employment commenced on the same date, and have equal seniority, the selection of the employee for purposes of lay off shall be the teacher with the least number of licensure areas shall be laid off first. If a tie still exists, the teacher with the highest Minnesota Teacher licensure number shall be laid off. Any teacher who is on step three of the teacher appraisal system will be laid off prior to a teacher with equal seniority in a tie situation.

Subdivision 8.

Any teacher placed on such leave may engage in teaching or any other occupation during such period and may be eligible for unemployment compensation if otherwise eligible under that law for such compensation and such leave will not result in a loss of credit for years of service in the School District earned prior to the commencement of such leave.

Section 3. Reinstatement

Subdivision 1.

No new teacher at any licensure tier shall be employed by the School District while any full-time qualified teacher, in the same field and subject matter, is on unrequested leave of absence. Teachers placed on unrequested leave of absence shall be reinstated to the position from which they have been given leave, or any other available position in the School District in the fields in which they are licensed as such positions become available. Part-time teachers are not entitled to reinstatement to full-time positions. The order of reinstatement shall be in inverse order in which teachers were placed on unrequested leave. No teacher shall be reinstated to a position in a field in which the teacher holds a provisional license, other than a vocational education license, while another teacher who holds a non-provisional license in the same field remains on unrequested leave. A full-time teacher on unrequested leave does not forfeit right to callback when accepting a part-time position. Failure to accept or decline in writing a full year position, for which teacher is licensed, eliminates eligibility for reinstatement.

Subdivision 2.

When placed on unrequested leave, a teacher shall file with the School District Personnel Office, the name and address to which any notice of reinstatement or availability of position shall be mailed. It shall be the responsibility of any teacher on unrequested leave to provide for forwarding of mail or address changes. Mailing by certified mail any notice of reinstatement or availability of

position to the teacher at the last known address shall be sufficient. Failure of a notice to reach a teacher shall not be the responsibility of the School District, if such notice has been mailed as provided herein.

Subdivision 3.

If a position for which a teacher on unrequested leave of absence is licensed becomes available, the School District shall simultaneously mail notice of availability of position and seniority ranking to all qualified teachers on unrequested leave and to Education Minnesota Brainerd. Such teachers shall have twenty (20) days from the date of such mailing to indicate to the Board in writing their willingness to accept re-employment. The most senior of said teachers to reply affirmatively shall be reinstated. A teacher on unrequested leave of absence does not forfeit right to reinstatement when accepting a position for less than the full position they were placed on leave from, or when they refuse an offered position. Failure to reply in writing within such twenty-day period shall constitute a waiver on the part of any such teacher to further rights of employment or reinstatement, and shall forfeit any future reinstatement or employment rights.

Subdivision 4.

Regardless of any other provision of the Agreement, reinstatement rights shall automatically cease five (5) years from the date unrequested leave was commenced and no further rights to reinstatement shall exist unless extended by written mutual consent with each qualified teacher, the school district and the exclusive representative.

Section 4. Establishment of Seniority Lists:

Subdivision 1.

Within ninety (90) days after the beginning of school, the School Board and Education Minnesota Brainerd shall cause full-time and part-time seniority lists to be prepared from its records. The list will include the name of every teacher, seniority date, continuing contract or probationary status and licensure area by tier. It shall thereupon post such lists in an official place in each school in the district.

Subdivision 2.

Any person whose name appears on such lists and who may disagree with the findings of the School Board and the order of seniority in said lists shall have ten (10) working days from the date of posting to supply written documentation, proof and request for seniority change to the School Board.

Subdivision 3.

Within twenty (20) working days after posting, the School District shall evaluate any and all such written communications regarding the order of seniority contained in said list and may make such changes the School Board deems warranted. Final seniority lists shall thereupon be prepared by the School Board and exclusive representative, which lists as revised shall be binding on the School Board and any teacher. Each year thereafter, the School Board and exclusive representative shall cause such seniority lists to be updated as provided in this Section to reflect any change of certification or qualification, addition or deletion of personnel caused by retirement, death, resignation, other cessation of services, or addition of such employees. Regardless of any other provision in this Agreement, such yearly revised lists shall govern the application of the unrequested leave of absence policy during the entire school year and thereafter until revised.

Section 5. Effect:

This Article shall be effective at the beginning date of this Master Agreement and shall be

governed by its duration clause. This Article shall govern all teachers as defined herein and shall not be construed to limit the rights of any other certified employees not covered by the Master Agreement, or other Master Agreement affecting such certified employee.

Section 6. Filing of Licenses:

In any year in which a reduction of teaching staff is occurring and the School District is placing teachers on unrequested leave of absence, only those licenses actually received by the Superintendent's Office for filing as of February 1 of such year shall be considered for purposes of determining lay-off within areas of licensure for the following school year. A license filed after February 1 shall be considered for purposes of recall, but not to the current position.

**ARTICLE VIII
RETIREMENT BENEFITS**

Section 1. Eligibility:

Full-time teachers (working 8 hours per day, 183) who have completed 15 or more years active continuous service and who are at least 55 years of age, shall be eligible for retirement benefits as provided in this Article. Teacher must give written notice of retirement by February 1 preceding date of retirement to qualify for retirement benefits.

Subdivision 1.

Teachers, who are eligible to participate in the retirement program but are on leave of absence, must return to the School District for one school year of active service to qualify for retirement benefits.

Section 2. Retirement Pay:

Eligible teachers shall receive, upon retirement, the amount equal to 100 days pay based on their daily rate when they retire.

Subdivision 1.

Teachers who retire shall remain eligible for participation in the School District's group health insurance program, up to the point of eligibility for Medicare or for up to twelve (12) years, whichever is less. Eligibility for single or family plan will be based on participating status as of September 1 during last full year of teaching. Teachers who retire will have their medical insurance premiums compensated at the rate identified in the Agreement that was in effect during the year of their retirement.

Subdivision 2.

Part-time teachers, who have completed 15 or more years of continuous service, and were hired before January 1, 2009, who work part time (more than 50% and less than 100%) shall receive prorated health insurance benefit proportional to their last full year contract work load.

Beginning July 1, 2021, part time teachers, who were hired after January 1, 2009, who work part time (more than 50% and less than 100%) shall receive prorated contribution to their School District sponsored Healthcare Reimbursement Arrangement.

Section 3. Constructive Receipt:

In the event that it is determined by the IRS that the retirement benefit listed in this Article is constructively received by the individual employee in the year that the employee first becomes eligible to receive the benefit (and not in the year that the person retires), the School District agrees to

the following:

Subdivision 1.

The School District will withhold from the imputed income and transmit to the IRS the amount necessary to comply with normal tax withholding standards under IRS rules in the year that the income is constructively received.

Subdivision 2.

The remaining portion of the retirement benefit will be paid out in accordance with the terms of this Agreement.

Section 4. Distribution of Retirement Benefit:

The School District shall put 100% of the retirement benefit into a post-retirement health care savings plan that allows teachers to pay medical expenses and/or health insurance premiums after termination of service from the School District. Teachers who are exempt from participating in the post-retirement health care savings plan as per IRS guidelines must direct 100% of the retirement benefit into the tax sheltered annuity plan. IRS guidelines specify an employee who will be receiving post-retirement health care coverage through a spouse's employer and an employee who will receive post-retirement health care coverage from the military may be excluded from putting money into the post-retirement health care savings plan.

Subdivision 1.

According to Minn. Stat. §471.61, Subdivision 2b, teachers who retire shall remain eligible for participation in the School District's group health insurance program. Eligibility for single or family plan will be based on participating status as of September 1, during the last full year of teaching.

Teachers hired prior to January 1, 2009, who have completed 15 years or more of active continuous service and who are at least 55 years of age at the time of retirement will have their medical insurance premiums compensated at a fixed dollar amount equal to the percent of the School District contribution to the respective insurance plan identified in the Agreement that was in effect during the year of their retirement, up until the employee is eligible for Medicare or for up to twelve (12) years, whichever is less.

Teachers hired after January 1, 2009, will not receive a defined health insurance benefit at the time of retirement under current retirement qualifications. Teachers hired after January 1, 2009, will receive a defined contribution from the School District for a period up to 25 consecutive years. The School District will contribute \$1,600 per year for the first 15 years and \$2,600 for the remaining 10 years. Contributions will be made to eligible, active employees upon completion of each school year and contributed to the School District sponsored Healthcare Reimbursement Arrangement (HRA) account in June of each year. The School District contribution and accrued interest earnings will be available to the employee after successful completion of their 15th year of service. If separation of service occurs at any time prior to successful completion of their 15th year of service, the School District's contribution and accrued interest earnings are forfeited and will be used by the School District to offset the required School District contribution amount for current and future employees. At time of qualified accessibility of funds from the plan, disbursements for reimbursement of eligible expenses are governed in accordance with current IRS rules and regulations. At the completion of 15 years of service and fully vested, the employee will have the option of having the School District's HRA plan send all of the contributions for that employee and all interest earned by that employee's account over that 15 year period of time to a compatible public or private health care savings plan.

ARTICLE IX
403(b) ANNUITY MATCHING PROGRAM

All teachers employed after July 1, 1998, shall not be eligible for the retirement incentive under Article VIII of the Master Agreement. Such teachers shall only be eligible to participate in the 403(b) annuity matching program. The School District shall make matching contributions to such program, the maximum amount as set forth in Section 2 below.

Section 1.

Any teacher eligible for retirement incentive under Article VIII of this Master Agreement will continue to be eligible to receive retirement pay as set forth therein. Such teachers may also participate in the School District's 403(b) annuity matching program. Part time teachers that are at least half time would also be eligible to participate in this plan - prorated (based on their percentage of teaching time). The School District matching contribution to such program shall be in the amount as set forth in Section 2 below, but will not exceed a lifetime contribution cap per teacher of \$34,000, beginning in 2012-13.

Beginning in 2012-13, the total contribution of retirement pay plus life time 403(B) School District contribution shall not exceed \$34,000, except teachers employed before July 1, 1990, shall have a life time cap equal to 100 days pay based on their daily rate of pay when they retire.

Upon the teacher's retirement, the total amount of the School District matching contribution to the teacher's 403(b) annuity account shall be deducted from any retirement incentive obligation/entitlement under Article VIII of the Master Agreement. If the total amount of the School District matching contribution to a participating teacher's 403(b) annuity account is more than he/she would have received in retirement under Article VIII of the Master Agreement, the teacher shall not be entitled to receive any retirement incentive pursuant to Article VIII.

Subdivision 1. Part-Time and Temporary Teachers:

Part-time teachers that are less than half time and temporary teachers are not eligible to participate in this plan and cannot count their part-time or temporary service years toward eligibility.

Subdivision 2. Teacher on Authorized Unpaid Leave:

If a teacher is on authorized unpaid leave for an entire school year and received no portion of his/her annual salary, he/she does not have the right to participate. A teacher, receiving no portion of his/her annual salary, cannot authorize withholding of his/her matching contribution: therefore, the School District will not contribute.

Section 2. Teacher Match:

Eligible and participating teachers must elect to participate in 403(b) annuity matching program pursuant to the annuity plan requirements at the beginning of the plan year. The School District matching contribution to teachers participating in the 403(b) annuity-matching program shall be as follows:

9-12	\$630	\$670
13-16	\$1,110	\$1,150
17+	\$1,590	\$1,630

- a. The School District will make the foregoing matching contribution to only those teachers choosing to participate in an approved teacher's 403(b) annuity account offered by the School District as outlined above. The School District's matching contribution will be dollar-for-dollar as required under Minn. Stat. §356.24, as amended, up to the annual maximum match set forth above, subject to the maximum career School District contribution as set out above. Teachers may contribute any dollar amount in excess of the maximum yearly School District match, but the annual limit on the amount individual teachers may contribute to his/her 403(b) annuity account shall be governed by the applicable sections of the Internal Revenue Code and the regulations promulgated thereunder. If a teacher chooses to not match the School District annual contribution, the unmatched portion is forfeited.
- b. The teacher's elected contribution for the plan year (September 1 to the following August 31) shall be divided and withheld equally over the pay periods for the plan year, except in the first year of the plan. In the first plan year, contributions will be withheld from the remaining pay periods of the first plan year after the plan has been established. The School District's contribution will be paid on the same basis.

Section 3. Approved Plans:

The School District will make matching contributions only to annuity plans offered by vendors mutually agreed to by School District and Education Minnesota Brainerd.

Section 4. Election:

Eligible and participating teachers must make application for participation in the 403(b) annuity-matching program each year by September 1 for that school year. The plan year shall be from September 1 to the following August 31. Once an eligible teacher elects to participate in the 403(b) annuity-matching program, said election is irrevocable for that plan year and will continue each subsequent year unless modified by the teacher who must notify the School District and annuity carrier.

Section 5. Death of a Teacher Participant:

If a teacher participant dies before retirement, the teacher's 403(b) annuity account shall be given to his/her designated beneficiary, if any, otherwise to his/her estate.

Section 6. Leaving the School District:

Teachers who, for whatever reason, leave the service of the School District prior to retirement shall retain ownership of School District contributions and personal contributions made on their behalf to the date of separation. The School District shall retain no current or future liabilities for said investment programs as a result of the severing of service.

Section 7. Applicable Laws:

The 403(b) annuity matching program of Independent School District No. 181 and/or the School District is subject to the Laws of the State of Minnesota, Minn. Stat. §356.24, as amended, and the Internal Revenue Code, 26 U.S.C. §403(b). It is understood that the School District's only obligation is to make contributions as specified in this Article and that no other claim shall be made against the School District pursuant to the Article.

**ARTICLE XI
LEAVES OF ABSENCE**

Section 1. Terms.

For the purpose of implementing this Article, and determining eligibility for benefits under this Article, following terms shall have the definitions ascribed to them:

Subdivision 1. Teacher. A teacher shall be defined as in Article II, Section 2 of this Agreement.

Subdivision 2. Days. A day for the purpose of this Article shall be as described in Article XII, Section 3 of this Agreement.

Section 2. Professional Leave.

Subdivision 1. Definition. At the beginning of each school year a teacher shall be credited with 12 days of Professional Leave to be used as the individual chooses as long as the request meets the guidelines as set forth in this article. All twelve professional leave days must be used before banked leave days can be accessed except under certain circumstances. Banked leave days may only be used for illness, FMLA or bereavement. Please refer to Subdivision 4 for use of these days

Teachers who experience an illness, injury or a FMLA leave that results in an absence for more than five (5) consecutive contract days will access their leave bank on the sixth (6th) consecutive day and beyond. The teacher must present a doctor's certification to invoke this clause.

Under unusual circumstances and at the discretion of the Superintendent or his or her designee,

teachers who have already used their 12 days who have the death in the family may apply for consideration of bereavement leave. (See Article XI. Section 4.) If the teacher has no banked time accrued, the Superintendent may approve up to five (5) days without pay. The decision of the Superintendent in either of these conditions is final and not open to the grievance process.

Subdivision 2. Computation for Teacher's working less than a full school year.

Teacher's Professional Leave shall be computed as follows: by multiplying the number of months the teacher has worked in the School District for this school year (a full year equaling 9 months) by one and one-fifth (specifically 1.33). Any fraction resulting shall be rounded off to the closest whole number. Unused professional leave may accumulate to a maximum of one hundred twenty (120) days per teacher (see Subdivision 4). If a teacher works part-time, those days are recorded based on their part-time status. If, at some point, the teacher becomes full-time, banked days need to be adjusted accordingly.

- a) Teachers shall be given a credit of 5 days placed into their leave bank at the beginning of each of their first 3 years with the District.

Subdivision 3. Application.

Professional leave shall be approved only upon submission of a professional leave request setting out the dates claimed for professional leave to the Human Resources office through the communicated mechanism with final approval by the Superintendent or his/her Designee. Dates claimed are considered used once the date claimed has passed. Leave requests are to be made prior to the requested day but not before July 15 of each fiscal year, as directed by the District, except in case of an emergency. In cases where professional leave is used because of a personal or family illness, the leave request shall be submitted to the Human Resources office by the teacher as a matter of responsibility immediately following the absence.

When accessing less than 1.0 day of professional leave, teachers may request professional leave to be used in increments of 1.0 clock hour. A minimum of 1.0 hour of professional leave must be taken. Actual time absent from work during a single contract day shall be rounded up to the nearest increment (1.0 clock hour) as listed above. If PTO is accessed adjacent to duty free lunch or prep time, PTO deduction must accurately reflect time the teacher is unavailable and/or away from the building.

Subdivision 4. Use of Accumulated Banked Time.

Use of banked leave is leave with pay which shall be allowed by the School Board whenever a teacher's absence on teacher duty days is found to have been due to illness, injury or disability which prevents the teacher's attendance at school, and the teacher has already used at least five days of his/her professional leave in the given school year. Use of this leave includes illness or disability caused or contributed to by pregnancy or child birth, and may also be used for any illness or injury of an employee's child as defined in Minnesota Statute 181.940 and 181.9413. The School District may require a teacher to furnish satisfactory evidence that absence was by reason of illness or injury or disability, which prevented his or her attendance at school and performance of duties on that day or days. A certificate from a qualified physician stating that the teacher's absence was due to illness or disability may be required as seen necessary by the School District. All applicants must complete and return the Family and Medical Leave application forms when appropriate. Any period of professional leave taken under this provision must be used simultaneously with any period of leave for which the teacher is eligible under the Family Medical Leave Act.

Subdivision 5. Days Used in Excess of Allowance.

A teacher shall be credited with twelve (12) days professional leave at the beginning of each school year. If not used during the school year, this leave will be added to their accumulated leave bank. At the end of the school year, a maximum of one hundred twenty (120) days of leave will be carried forward to the next year. For each day of professional leave used but not accumulated, the teacher shall either have a day's pay deducted from salary by the School District or the teacher shall reimburse the School District a day's pay. Any deduct time must be preapproved by the Superintendent or his/her designee.

a.) In the event of resignation, termination or discharge of a teacher to whom professional leave has been advanced in excess of that accumulated, the teacher is required to refund the amount paid for the period of such excess. Accumulated professional leave will be forfeited by the teacher upon resignation, termination or discharge.

Subdivision 6. Unused Leave and Banked Time Over 120 Days.

Unused professional leave days shall be credited to the teacher's banked time on a one day of unused professional leave for one day of banked leave. If, however, the teacher's banked time at the end of the school year is in excess of 120 days, teachers shall, at the end of the school year, be compensated at the rate of \$120 per day or \$15 per hour. This payment will be made into a Health Reimbursement Account. This payment shall be made prior to the end of the fiscal/contract year. The total number of days in the bank shall not be more than 120 days going into the new school year. At the start of 2018-19, employees who are above the 120-day maximum shall retain their leave bank days subject to a diminishing cap based on utilization. Refer to the Implementation MOU for any teacher that had more than 120 days accumulated when the Professional Leave Bank went into effect.

In regards to hourly rate teachers, professional leave must be taken for the total hours of the individually assigned daily teaching sessions. Unused professional leave may accumulate up to 700 hours into a leave bank. If an hourly teacher's banked time at the end of the school year is in excess of 700 hours, hourly teachers shall, at the end of the school year, be compensated at the rate of \$16/hour. This payment will be made into an HRA.

Subdivision 7. Limit.

The number of teachers on professional leave at any time shall not exceed ten percent (10%) of the total FTEs teachers in each school building. Teachers who are taking Maternity Leave shall not be counted in the ten percent (10%); however, all teachers on Maternity Leave must use all Professional Leave before accessing leave without pay. The maximum number of staff who can be out for voluntary professional leave at each building shall be emailed out to each building rep, principal, and EMB leadership at the beginning of school, each year.

Subdivision 8. Prohibitions.

The use of professional leave is at the discretion of the teacher; provided, however, professional leave shall not be used on parent-teacher conference days, the first or last student contact week of the school year, or pre-school workshop days in the building to which that teacher is assigned, unless the school board has changed such days from those originally set in the school calendar to make up days lost by reason of inclement weather or other good cause. EMB recognizes that it is the teacher's professional responsibility to be present in the classroom on these days. The Superintendent, on rare occasions, may grant leave upon written request by the teacher.

Teachers shall not make request in excess of five consecutive leave days to their immediate supervisor. On rare occasions, teachers may make a written request to the

Superintendent for permission to use in excess of five days of consecutive professional leave. Final approval is subject to the Superintendent's approval. Each request shall stand on its own merit and shall not establish past practice.

Subdivision 3. Retention of Unused Leave.

A teacher on unpaid medical leave shall retain his or her unused accumulated banked leave and may continue the insurance fringe benefits at his or her own expense.

Subdivision 4. Notification.

The School District shall notify the insurance carrier of any teacher who is on leave of absence due to personal illness or disability for more than sixty (60) days.

Section 4. Bereavement.

Immediate family is defined as the employee's spouse, children, mother, father, stepparents, brother, sister, mother-in-law, father-in-law, brother-in-law, sister-in-law, grandparents, and grandchildren of the employee or employee's spouse, or other relatives living in the same household of the employee. (See Article XI. Section 2. Subdivision 1.B)

Teachers can access their banked days and/or Professional Time Off (PTO). Deduct time may be considered subject to the Superintendent's discretion, if no paid leave is available. A maximum of five (5) leave days may be used per bereavement request utilizing professional leave and/or banked days. Additional days may be granted at the Superintendent's discretion. The Superintendent's decision is not subject to the grievance procedure.

This leave is discretionary with the School Board and the School Board reserves the right to withhold such leave if the School Board deems such leave not to be feasible or beneficial to the School District. With respect to a teacher who does not request a long-term medical leave, the School District reserves the right, provided by Minnesota Statute 122A.40, to suspend such teacher and grant a long-term leave of absence for a period of not to exceed twelve (12) months for health reasons.

Whenever possible, the teacher shall give notice in writing to the School District prior to March 1st of the year in which the teacher's leave expires of intention to return to teaching duties at the opening of the next school year. In the event the teacher does not qualify for reinstatement within the leave time requested and granted, or if suspended by the School

**ARTICLE XII
LENGTH OF SCHOOL YEAR AND HOURS OF SERVICE**

Section 1. Teacher Duty Days:

The School Board shall, prior to April 1 of each odd-numbered school year, establish the number of school days and teacher duty days for each of the next two (2) school years. The teacher shall perform services on those days as determined by the School Board, including those legal holidays on which the School Board is authorized to conduct school, and pursuant to such authority as determined to conduct school. The 2021-22 and 2022-23 school years shall consist of 171 classroom days, 9 workshop days, and 4 paid holidays.

The Thursday of the Education Minnesota convention shall be counted as one of the nine workshop days in the school calendar in lieu of eight (8) hours, divided up into two or three blocks of time, of scheduled parent teacher conferences outside of a regular contract day. Teachers will receive a schedule during fall workshop week that includes the scheduled conference days and times to allow for planning. Should a scheduling conflict arise for a teacher whereby they are unable to attend parent teacher conferences, that teacher shall make arrangements with their building principal to complete their allocated conference time. If for any reason a building does not have or schedule parent teacher conferences, teachers will not be expected to make up this time elsewhere in the school year, unless there is a signed agreement between district administration and EMB.

The Friday of Education Minnesota convention is an unpaid, non-contractual day for teachers.

During any given class period, teachers will be expected to teach in only one learning model (In person learning, online learning, etc.) Should a need arise for a teacher to teach in more than one learning model during a class period, the teacher, a designated union representative, and designated District Administrative representative must sign an agreement laying out the terms and conditions of the teaching expectation for the class period. At the start of the next grading term, if the need arises again involving the same parties, the agreement must be reassessed and signed by all parties. No teacher can be forced to teach in multiple models. Teachers who agree to teach in multiple learning models will be compensated based on rates established in the Blended and Online Learning rates agreed to in the current contract.

Section 2. Emergency or Inclement Weather and E Learning:

Late Starts: In the event the Superintendent pushes the start of the school day back two hours, the start of the teacher work day is also pushed back two hours. The District understands that salaried teachers often complete work outside the contracted 8 hour work day (i.e. grading, grades, IEP writing and meetings, planning, field trips, etc.) and therefore, teachers are not required to make up the aforementioned two hours.

Early Dismissal: In the event that the Superintendent dismisses students early on a given day due to an emergency or weather event, the district may direct teachers to leave early for the day. To ensure the safety of our students, teachers are required to remain present until they are cleared to leave by their building principal. The District understands that salaried teachers often complete work outside the contracted 8 hour work day (i.e. grading, grades, IEP writing and meetings, planning, field trips, etc.) and therefore, teachers are not required to make up lost time due to an early dismissal.

E-Learning: See Minnesota Statute 120A.41. Up to 5 (five) e-learning days may be used each school year. Should 5 (five) e-learning days occur in a given school year and a need arise to cancel in-person school, and the school board determines a need for a make-up day or days, the make up day(s) will occur on the next business day(s) after completion of the current school year.

In the event the Superintendent determines the need for an e-learning day due to an emergency or inclement weather, e-learning days will follow a modified schedule similar to two-hour late starts. Each school/program will provide a specific schedule for e-learning days. Teachers are expected to be available during the 8-hour contract day and will follow the e-learning day policy.

Section 3. Basic Day:

The basic teacher's day, inclusive of lunch, shall be eight (8) continuous hours.

Section 4. Building Hours:

The specific hours at any individual building may vary according to the needs of the educational program of the School District. The specific hours of each building will be designated by the school administration.

Section 5. Additional Duties:

Teachers are expected to participate in their building's Fall Open House at the start of the school year and one student activity (up to a maximum of 3 hours for the student activity) beyond the normal school day without additional pay. Buildings undergoing construction may need to schedule their Open Houses on an alternate date. If for any reason a building does not have a Fall Open House, teachers will not be expected to make up this time elsewhere in the school year, unless there is a signed agreement between designated representatives of the District Administration and EMB. For any student activity beyond the aforementioned, which is assigned by the building principal, and is outside of the contract day, the teacher or teachers will be compensated at a rate at curriculum rate, \$26.50 for the 2021-2022 school year and \$27.25 for the 2022-23 school year. Teachers who volunteer to work student activities or events will not be compensated. Should a scheduling conflict arise for a teacher whereby they are unable to attend Open House and/or assigned student activity, that teacher shall arrange with their building principal to complete their allocated conference time.

Section 6. Duty Free Lunch:

Whenever feasible, each teacher shall be provided a duty free lunch period.

Section 7. Preparation Time:

Exceptions to this may be made by mutual agreement between the School District and the exclusive representative of the teachers.

In the event the grievance is not resolved in Level II, the decision rendered may be appealed to the School Board, provided such appeal is made in writing within five (5) days after receipt of the decision in Level II. If a grievance is properly appealed to the School Board, the School Board shall set a time to hear the grievance within twenty (20) days after receipt of the appeal. Within seven (7) days after the meeting, the School Board shall issue its decision in writing to the parties involved.

At the option of the School Board, a committee or representative(s) of the School Board may be designated by the School Board to hear the appeal at this level, and report its findings and recommendations to the School Board. The School Board shall then render its decision.

Section 6. School Board Review:

The School Board reserves the right to review any decision issued under Level I or Level II of this procedure provided the School Board or its representative notify the parties of its intention to review within ten (10) days after the decision has been rendered. In the event the School Board reviews a grievance under this Section, the School Board reserves the right to reverse or modify such decision.

Section 7. Denial of Grievance:

Failure by the School Board or its representative to issue a decision within the time periods provided herein shall constitute a denial of the grievance and the teacher may appeal it to the next level.

Section 8. Level IV Arbitration Procedures:

In the event that the teacher and the School Board are unable to resolve any grievance, the grievance may be submitted to arbitration as defined herein:

Subdivision 1. Request:

A request to submit a grievance to arbitration must be in writing signed by the aggrieved party, and such request must be filed in the Office of the Superintendent within ten (10) days following the decision in Level III of the grievance procedure.

Subdivision 2. Prior Procedure Required:

No grievance shall be considered by the arbitrator which has not been first duly processed in accordance with the grievance procedure and appeal provisions.

Subdivision 3. Selection of Arbitrator:

Upon the proper submission of a grievance under the terms of this procedure, the parties shall, within ten (10) days after the request to arbitrate, attempt to agree upon the selection of an arbitrator. If no agreement on an arbitrator is reached, either party may request the BMS to appoint an arbitrator pursuant to Minn. Stat. §179A.21, providing such request is made within twenty (20) days after request for arbitration. The request shall ask that the appointment be made within thirty days after the receipt of said request. Failure to agree upon an arbitrator or the failure to request an arbitrator from the BMS within the time periods provided herein shall constitute a waiver of the grievance.

Subdivision 4. Submission of Grievance Information:

1. Upon appointment of the arbitrator, the appealing party shall within five (5) days after notice of appointment forward to the arbitrator, with a copy to the School Board, the submission of the grievance which shall include the following:
 - a. The issues involved.
 - b. Statements of the facts.
 - c. Position of the grievant.

2. The School Board may make a similar submission of information relating to the grievance either before or at the time of the hearing.

Subdivision 5. Hearing:

The grievance shall be heard by a single arbitrator and both parties may be represented by such person or persons as they choose and designate as set out in Section 5, Subdivision I, Level I, and the parties shall have the right to a hearing at which time both parties will have the opportunity to submit evidence, offer testimony, and make oral or written arguments relating to the issues before the arbitrator. The proceeding before the arbitrator shall be a hearing de novo.

Subdivision 6. Decision:

The decision by the arbitrator shall be rendered within thirty (30) days after the close of the hearing and the filing of briefs, if any. Decisions by the arbitrator in cases properly before him shall be final and binding upon the parties, subject, however, to the limitation of arbitration decision as provided by the applicable Minnesota Statutes.

Subdivision 7. Expense:

Each party shall bear its own expenses in connection with arbitration including expenses relating to the party's representatives, witnesses, and any other expenses which the party incurs in connection with presenting its case in arbitration, except as provided in Article IV, Section 11, Subdivision 2. A transcript or recording shall be made of the hearing at the request of either party. The parties shall share equally fees and expenses of the arbitrator, the cost of the transcript or recording if requested by either or both parties, and any other expenses which the parties mutually agree are necessary for the conduct of the arbitration.

Subdivision 8. Jurisdiction:

The arbitrator shall have jurisdiction over disputes or disagreements relating to grievances properly before the arbitrator pursuant to the terms of this procedure. The jurisdiction of the arbitrator shall not extend to proposed changes in terms and conditions of employment as defined herein and contained in this written Agreement; nor shall an arbitrator have jurisdiction over any grievance which has not been submitted to arbitration in compliance with the terms of the grievance and arbitration procedure as outlined herein; nor shall the jurisdiction of the arbitrator extend to matters of inherent managerial policy, which shall include but are not limited to such areas of discretion or policy as the functions and programs of the employer, its overall budget, utilization of technology, the organizational structure, and selection and direction and number of personnel. In considering any issue in dispute, in his order the arbitrator shall give due consideration to the statutory rights and obligations of the public school boards to efficiently manage and conduct its operation within the legal limitations surrounding the financing of such operations.

Subdivision 9.

The parties, by mutual written agreement, may waive any step and extend any time limits in a grievance procedure.

The following rules apply to the extra-curricular schedule:

1. The salaries for coaching boys' and girls' interscholastic programs shall be identical for any activity in which both participate. Salary will be based on the length of the interscholastic program as determined by the Minnesota State High School League regulations. All High School head coaches will receive a minimum of 12% of BS Lane regardless of MSHSL season length.
2. All Extra-Curricular position salaries are based on a straight BS degree beginning with step 2 with a maximum of 8 steps. Beginning with the 8th year of coaching (step 9) payment will be based on step 13. Coaches who have been a head varsity coach in their sport for 12 years for the School District will, on the 13th year and thereafter get a \$750.00 stipend added to their coaching contract for that sport. In Co-head varsity coach scenarios, where both coaches are in their 13th year or beyond, the co-coaches will split the \$750.00 stipend.
3. Participation as an official in Minnesota State High School League Regional or State Tournaments will be considered on an individual basis by the administration, but one day personal leave day or compensatory day must be used first.
4. Extra and Co-curricular contracts shall be issued within a reasonable time period prior to the start of the activity.
5. No member (or subset) of EMB, or representative of the School District, shall enter into an agreement changing the duties, responsibilities, or salary of a coach/advisor that are stated in the Master Agreement. EMB and the School District agree to recognize part-time coaching positions as long as the duties, responsibilities, and salary of said positions are clearly stated in a written agreement and compensation is pro rata that of a "full-time" coach. If the School District wishes to allow an outside organization to facilitate a program currently offered by the School District, EMB and the School District agree that the School District must first cut said program from school programs. The School District may then work with that organization to develop the reformed program.

If the School District chooses to transfer operational support of an athletic/activity program from the General Fund to the Community Education Fund, the coaches/advisors of said program must be compensated as stated in the Master Agreement. The exceptions to this tenet being Middle Level Golf, Gymnastics, and Soccer as restructuring these programs resulted in an acceptable reduction in compensation and responsibilities for coaches in the Community Education model.

In the event a program is cut, it will remain listed in the Master Agreement for up to six (6) years before being removed, in the event that it is later reinstated.

6. An extra-curricular advisory committee consisting of the Activities Director and three (3) representatives each from EMB and the School District will meet twice each year. The purpose of the committee is to review the compensation for any existing or proposed extra curricular positions relative to responsibilities and/or compensation of other extra curricular positions and make recommendations back to the respective collective bargaining teams for any proposed changes. The Activities Director will be the Chair of the committee and be responsible for scheduling meetings and conveying the committee's recommendations to the collective bargaining teams. To remain responsive,

the School District reserves the right to add new extra-curricular positions based on the changing participation and other needs identified within a specific program and establish an interim compensation for such positions pending receipt of a recommendation from the committee and the conclusion of negotiations on the compensation for the position with EMB.

Coaches and Advisors will be paid on the following schedule:

<u>Season Ends</u>	<u>Payroll Month</u>
Prior to January 15 th	November
January 15-April 15 th	March
After April 15 th	June

If coaches and advisors are paid ahead of the completion of the season and do not complete the season in the capacity in which they were assigned and paid, the School District reserves the right to withhold the prorated amount from any future compensation.

In the event that the MSHSL, district, region or class assignment necessitates an additional week added to the regular season (i.e. Zero week for HS football), an additional stipend of \$300 will be added to the coaching contract for each coach impacted in that sport.
