

Guide for Parents*

This publication provides general information about the operation of the Title I program in the Conway School District. Please keep it available as a reference throughout the school year. We hope it will make your access to the school personnel and their services more convenient.

Overview

Title I of the federal Elementary and Secondary Education Act (ESEA) funds programs whose purpose is to help students improve their basic skills by supporting and reinforcing classroom instruction. This support is provided to students in a small group setting.

Conway Programs

All Conway elementary schools are considered Title I Schoolwide schools. All schools have Title I intervention programs in the elementary grades. These programs supplement regular classroom instruction. Interventions occur both in the classroom and outside the classroom and sometimes after school.

All children are eligible for services in a schoolwide school.

Parent Notification

All Title I information can be found on the SAU#9 website www.sau9.org

Title I Parent Involvement Policy

All Title I programs have a policy for how they will involve parents. This policy explains how the school will support the important role of parents in their child's education. We look forward to working with you. A copy of this policy is sent home or made available to every parent. A parent compact is sent home to all parents as well.

Parent/Child Activities

There are many opportunities for parent involvement throughout the school year, to include:

- Family Math nights
- Family literacy nights
- Open houses
- PTA
