Welcome to the CREC Reggio Magnet School of the Arts Before and After Care program.

This handbook is designed to give parents and guardians insight into our Before and After Care program. It includes detailed information about our program, policies and procedures. Please read this handbook carefully and keep it for easy reference during the school year. The registration form includes an acknowledgement that you have read understand and agree to adhere to all of the policies, procedures and expectations outlined in this handbook.

The Before and After Care program’s goal is to provide a safe after school environment for students that inspires social confidence, promotes creativity and encourages the development of the whole child. We accomplish this through project based learning, diverse enrichment experiences, and relationship building opportunities. The program will offer a variety of activities including a time for snack and homework completion, indoor/outdoor play, games, art and science projects and various enrichment activities provided by external vendors.

The staff always welcomes suggestions and ideas that will help make your child’s time in the Before and After Care program more beneficial and rewarding. We do not have access to school files. We welcome you to share your thoughts and ideas with us at any time. I can be reached at mindomenico@crec.org or 860-674-8549 x5533.

Regards,

Maria Indomenico

Consequences for Students Not Demonstrating Expected Behaviors

Acts of violence and physical aggression are in violation of the CREC Magnet Schools policies and may result in the suspension and/or dismissal of your child from the program.

Child Abuse

All school employees, including teachers, superintendents, principals, coaches of intramural or interscholastic athletics, paraprofessionals and other professional school staff including guidance counselors, social workers, psychologists, and licensed nurses are obligated by law (C.G.S. 17a-101) to report suspected child abuse, neglect, or if a child is placed in imminent danger of serious harm to the Connecticut State Department of Children and Families Services. Specific procedures governing the reporting of abuse and neglect are in effect, and staff receives yearly training in their use.

Reporting of child abuse and neglect is a responsibility which is taken seriously. If there is any doubt about reporting suspected abuse or neglect a report will be made. The school will work with the parents and appropriate social agencies in all cases.

Child abuse is defined as any physical injury inflicted by other than accidental means or injuries which are not in keeping with the explanation given for their cause. Improper treatment such as malnutrition, sexual molestation, deprivation of necessities, emotional abuse, cruel punishment or neglect is also considered child abuse.
