School District Name	Address	
<u>Brian Perron.</u>	<u>650-526-3587</u>	<u>bperron@mvwsd.org</u>
District IPM Coordinator	IPM Coordinators Phone #	Email Address

IPM Statement:

It is the goal of **Mountain View Whisman School District** to implement IPM by focusing on long-term prevention or suppression of pests through accurate pest identification, by frequent monitoring for pest presence, by applying appropriate action levels, and by making the habitat less conducive to pests using sanitation and mechanical and physical controls. Pesticides that are effective will be used in a manner that minimizes risks to people, property, and the environment, and only after other options have been shown ineffective.

Our pest management objectives are to:

- Focus on long-term pest prevention through approved Integrated Pest Management best practices and reduce the amount of pesticides used on school campuses
- Elimination of significant threats caused by pests to the health and safety of students, staff and the public
- Prevention of loss or damage to structures or property by pests
- Protection of environmental quality inside and outside buildings, in playgrounds and athletic areas, and throughout the Mountain View Whisman School District facilities

IPM Team:

In addition to the IPM Coordinator, other individuals who are involved in purchasing, making IPM decisions, applying pesticides, and complying with the Healthy Schools Act requirements, include:

Name and/or Title	Role in IPM program
Brian Perron	IPM Coordinator/Purchasing/IPM Decisions

Pest Management Contracting:

- ✓ Pest management services are contracted to a licensed pest control business.
Pest Control Business name(s):
**Bay Valley Pest Control
EcoLab**
- ✓ Prior to entering into a contract, the school district has confirmed that the pest control business understands the training requirement and other requirements of the Healthy Schools Act.

Pest Identification, Monitoring and Inspection:

- Pest Identification is done by:
 - IPM Coordinator, District Maintenance Staff, and Contractors
- Monitoring and inspecting for pests and conditions that lead to pest problems are done regularly by:
 - District Maintenance Staff, Contractors, and results are communicated to the IPM Coordinator
- Specific information about monitoring and inspecting for pests, such as locations, times, or techniques include:
 - The District uses an on-line Work Order reporting system called Service Now
 - Any staff including the custodians can report issues through the system or contact site administrative staff to report any problems or issues
 - Maintenance management & staff reviews work order reports on a daily basis and addresses problems as they arise
 - Maintenance staff periodically inspect our campuses to identify any pest related or infestation issues that may cause problems
 - The District also conducts annual Facility Inspection Tool (FIT) inspections to address maintenance or IPM related deficiencies
 - Based on the inspections, corrective actions are taken to address and correct these deficiencies.

Pests and Non-Chemical Management Practices:

This school district has identified the following pests and routinely uses the following non-chemical practices to prevent pests from reaching the action level:

Pest	Remove food	Fix leaks	Seal cracks	Install barriers	Physical removal	Traps	Manage irrigation	Other
Rats, Mice, Rodents	✓	✓	✓	✓	✓	✓	<input type="checkbox"/>	Remove Trash Daily
Ants, Insects	✓	✓	✓	✓	✓	✓	✓	Bait Stations
Roaches, Slugs, Snails	✓	✓	✓	✓	✓	✓	✓	Bait Stations
Yellow Jackets, Wasps	✓	✓	✓	<input type="checkbox"/>	✓	✓	<input type="checkbox"/>	Wasp/Yellow Jacket Traps
Honey Bees	✓	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>	✓	<input type="checkbox"/>	<input type="checkbox"/>	Relocate Bee Nests
Termites	✓	✓	✓	<input type="checkbox"/>	✓	<input type="checkbox"/>	✓	

Chemical Pest Management Practices:

If non-chemical methods are ineffective, the school district will consider pesticides only after careful monitoring indicates that they are needed according to pre-established action levels and will use pesticides that pose the least possible hazard and are effective in a manner that minimizes risks to people, property and the environment.

This school district expects the following pesticides (pesticide products and active ingredients) to be applied during the year. (This list includes pesticides that will be applied by school district staff or licensed pest control businesses.):

Name of Pesticide (EPA Registration #)	Active Ingredient(s)
MAXFORCE GRANULAR INSECT BAIT (432-1255)	HYDRAMETHYLNON
WASP-FREEZE INSECTICIDE-AEROSOLE (499-362)	ALLETHRIN + PHENOTHRIN
TURFLON ESTER ULTRA TURF HERBICIDE (62719-566)	TRICLOPYR + BUTOXYETHYL ESTER
AVERT ROACH BAIT (499-294)	ABAMECTIN
BAYER DRIONE INSECTICIDE (432-992)	PYRETHRINS + PIPERONYL BUTOXIDE
ADVANCE 375A GRANULAR ANT BAIT (499-370)	ABAMECTIN
TEMPO ULTRA WP INSECTICIDE (432-1304)	BETA-CYFLUTHRIN
SURFLAN PREEMERGENT HERBICIDE (70506-44)	ORYZALIN
GORDON'S MECOMEK TURF HERBICIDE (2217-674)	POTASSIUM SALT OF PROPIONIC ACID
SLUGGO SLUG & SNAIL INSECTICIDE (67702-3-70051)	IRON PHOSPHATE
BAYER ADVANCED TREE & SHRUB PROTECT (72155-76)	IMIDACLOPRID
TOMCAT MOUSE BAIT RODENTICIDE (12455-120-3240)	BROMETHALIN

Healthy Schools Act:

- ✓ This school district complies with the notification, posting, recordkeeping, and all other requirements of the Healthy Schools Act. (Education Code Sections 17608 - 17613, 48980.3; Food & Agricultural Code Sections 13180 - 13188)

Training:

Every year school district employees who make pesticide applications receive the following training prior to pesticide use:

- ✓ Pesticide specific safety training (Title 3 California Code of Regulations 6724)
- ✓ School IPM training course approved by the Department of Pesticide Regulation (Education Code Section 16714; Food & Agricultural Code Section 13186.5).

Submittal of Pesticide Use Reports:

- ✓ Reports of all pesticides applied by school district staff during the calendar year, except pesticides exempt¹ from HSA recordkeeping, are submitted to the Department of Pesticide Regulation at least annually, by January 30 of the following year, using the form provided at www.cdpr.ca.gov/schoolipm. (Education Code Section 16711)

Notification:

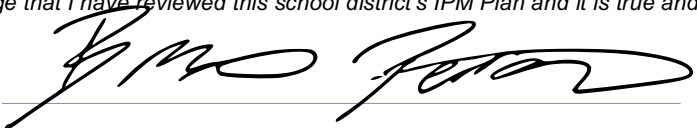

This school district has made this IPM plan publicly available by the following method:

- ✓ This IPM plan can be found online at the following web address: <https://www.mvwsd.org/district-info/business-services/facilities>

Review:

- ✓ This IPM plan will be reviewed (and revised, if needed) at least annually to ensure that the information provided is still true and correct.
 - ✓ Date of next review: June 2020

I acknowledge that I have reviewed this school district's IPM Plan and it is true and correct.

Signature:  Date: 2-11-2019

***When completed & signed, this template meets the Healthy Schools Act requirement for an Integrated Pest Management (IPM) plan.
An IPM plan is required if a school district uses pesticides¹***

¹ These pesticides are exempt from all Healthy Schools Act requirements, except the training requirement: 1) products used in self-contained baits or traps, 2) gels or pastes used as crack and crevice treatments, 3) antimicrobials, and 4) pesticides exempt from U.S. EPA registration. (Education Code Section 17610.5)

Dear Parent or Guardian,

The Healthy School Act requires that all schools provide parents or guardians of students with annual written notification of expected pesticide use on school sites. The notification will identify the active ingredient or ingredients in each pesticide product and will include the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Parents or guardians may request prior notification of individual pesticide applications at the school site. People listed on this registry will be notified at least 72 hours before pesticides are applied. If you would like to be notified every time we apply a pesticide, please complete and return the form below to:

Mountain View Whisman School District
ATTN: MOT Department
1400 Montecito Avenue
Mountain View, CA 94043

If you have any questions, please contact Brian Perron, Director of Maintenance, Operations, and Transportation (MOT) at 650-526-3587.

Sincerely,

Brian Perron 
Director of Maintenance, Operations and Transportation

Request for Individual Pesticide Application Notification

Name of School: _____

I understand that, upon request, the school district is required to supply information about individual pesticide applications at least 72 hours before application. I would like to be notified before each pesticide application at this school.

I would prefer to be contacted by (check one): U.S. Mail _____ E-mail _____ Phone _____

Name of Parent/Guardian: _____ Date: _____

Address: _____

Day Phone: _____ Evening Phone: _____

E-mail: _____

Dear Parent or Guardian,

At your request, we are writing to notify you about a specific pesticide application(s) at your school. Please see below for detailed information. If you would like to see the Safety Data Sheet for this chemical, Mountain View Whisman School District can provide you a copy upon your request.

If you have any questions, please contact Brian Perron, Director of Maintenance, Operations, and Transportation at 650-526-3587.

A handwritten signature in black ink, appearing to read "Brian Perron", is written in a cursive style.

Sincerely,
Brian Perron
Director of Maintenance, Operations and Transportation

Notice of Pesticide Application

Date Form Completed: _____

School Name: _____

Location of Planned Pesticide Application: _____

Building Name/Number: _____

Playground or Grounds Section: _____

Name of Pesticide to be Applied: _____

Active Ingredient(s): _____

Planned Date/Time of Pesticide Application: _____

For more information regarding these pesticides and pesticide use reduction, visit the Department of Pesticide Regulation's Web site at <http://www.cdpr.ca.gov> and click School IPM.
