## PARENTS

**The attached Parent Monitoring Form was created as an additional tool to help assist you with keeping track of your child(ren) academic assignments during our time away from the traditional school setting.**

Meaningful instructional packets were prepared for all students in grades K-12. Your child received the following:

- All preschool students in contracted Early Childhood Centers received instructional packages.
- All elementary school and middle school students received instructional packets.
- All high school students received instructions on how to access Google Classroom and/or other online learning platforms.

Teachers will be available by email during the school hours to answer questions as well as provide assistance. There is no expectation on the number of hours a student needs to work, however, the expectation is that they complete the outlined objectives/expectations each day.

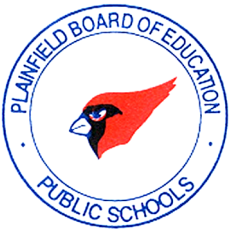

There are additional resources to assist your child during this closure:

All of the Plainfield Public School District Stakeholders will continue to make the best of this unprecedented pandemic, and concentrate on getting through this as a unified community.

Please take care of yourself, your children, and your families.
