

OYSTER RIVER COOPERATIVE SCHOOL BOARD	Policy Code: JLCA
Date of Adoption: March 7, 2007	Page 1 of 1

PHYSICAL EXAMINATIONS OF STUDENTS

Prior to entrance into school, each kindergarten student must provide documentation of a full physical examination completed within a one year period before entry.

For entrance into grades 5 and 9, every student shall provide documentation of a physical exam within the current calendar year. For participation in the interscholastic program a student must provide documentation of a physical examination within the past two years.

Each student that meets the above guidelines transferring to the district must provide physical exam documentation within thirty days of entrance; failure to comply with this provision may result in exclusion from school. However, no medical examination shall be required of a child whose parent or guardian objects thereto in writing on the grounds such medical examination is contrary to his/her religious tenets and teachings.

Parent Notification – Certain Circumstances

Pursuant to No Child Left Behind and the Protection of Pupil Rights Amendment, if the district utilizes federal money to perform physical exams or screenings on students, the district will notify parents of such physical exam or screening, except for vision, hearing or scoliosis.
