KENDRICK LAKES TO HOST GOVERNOR FOR BILL SIGNING

Governor John Hickenlooper will visit Lakewood’s Kendrick Lakes Elementary School to sign SB14-202 Funding for Energy Efficiency in Schools.

The bill increases the availability of funds for school districts to invest in renewable energy and energy efficiency improvements. School districts will be enabled to more easily secure loans to improve energy efficiency and save money on utility bills.

With the money saved on utility bills from operating green, schools can pass the savings on to reinvesting in students, teachers, school supplies and materials, computers, theater or sports equipment.
