Phase One of EnrollJeffco Opens

GOLDEN, Colo. (Dec. 17, 2018) – Jeffco Public Schools opened the first phase of a new online enrollment system, www.EnrollJeffco.org, today. The EnrollJeffco School Finder enables families to learn about neighborhood, option, and charter schools all in one place.

The [EnrollJeffco School Finder](#) will help families of new, current, and potential students:

- Learn what kind of programs neighborhood schools offer
- Locate schools offering specific services such as before and after school care or preschool programs
- Find basic information about school hours, location, and website links
- Identify schools with certain academic models or extracurricular activities
- Discover the wide variety of schools available in Jeffco

EnrollJeffco is the digital replacement for choice enrollment. The enrollment process has expanded to capture all students to make school information easier for families to access, streamline processes, ensure the same timeline for all schools, and give schools more time to plan for the next school year. See the [video about EnrollJeffco](#) for an overview.

Phase two of EnrollJeffco opens January 22 – February 8. At that time, all families will use EnrollJeffco to enroll in neighborhood schools (K-12), indicate their student is returning to the same school, or apply to a new/different school (preschool and choice enrollment).
